

BRYAN DEFENDS WILSON'S NEUTRALITY IN AN APPEAL ISSUED TO GERMAN-AMERICANS

URGES THEM TO AID IN MAINTAINING PEACE BETWEEN U. S. AND GERMANY

Former Secretary Declares President Has Been Un- justly Criticised By Partisans on Both Sides in the European Conflict—May Have Some Announcement to Make Today Regarding His Future Course.

WASHINGTON, June 11.—William Jennings Bryan tonight issued an appeal addressed to German-Americans urging them to aid in maintaining peace between the United States and the fatherland by exerting their influence with the German government to persuade it not to take any step that would lead in the direction of war.

To End Efforts for Present.

With this statement Mr. Bryan expects to end for the present his efforts to lay before the public the situation which caused him to resign the post of secretary of state. On Wednesday he gave out an explanation of why he left the cabinet, rather than sign the last American note to Germany regarding submarine warfare; yesterday he issued an appeal to the American people to stand for persuasion rather than for force in asserting rights under international law and today he made a brief statement expressing gratification at what he termed a change of tone on the part of the "jingo editors" regarding the note to Germany. Referring to German-Americans as "fellow citizens in whose patriotism I have entire confidence," Mr. Bryan, besides asking them to use their influence with the German government, urged: "that they forget, never to be recalled, any suspicion of lack of neutrality or friendship toward the German people on the part of the president of the United States." That they should not attempt to connect negotiations between the United States and Germany with those between the United States and Great Britain because "the cases are different."

Germany Should Acquiesce.

That Germany should acquiesce in demands that have been made by the United States without condition, trusting the "United States to deal justly with her in the consideration of any changes she may propose in the international rules that govern the taking of prizes" growing out of submarine warfare.

Mr. Bryan declared that president had been unjustly criticised by partisans on both sides in the European conflict, expressed confidence that German-Americans would stand by their adopted country in case of war between the United States and Germany; maintained that killing of innocent women and children, either by drowning or starving, could not be justified and suggested a change in the shipping laws to exclude passengers from ships carrying contraband or ammunition.

Displays Huge Pile of Telegrams.

Mr. Bryan said that tomorrow he might have some announcement to make regarding his future course. He displayed a huge pile of congratulatory telegrams from societies and individuals. More than a thousand such messages have been received, he said.

Sympathy for Land of Birth Natural.

Mr. Bryan's statement in part follows:

"June 11th, 1915.

"To the German-Americans: 'Permit me to address a word to you as one American citizen speaking to fellow citizens in whose patriotism he has entire confidence. It is natural that in a contest between your fatherland and other European nations your sympathies should be with the country of your birth. It is no cause for censure that this is true. It would be a reflection upon you if it were not true. Do not the sons of Great Britain sympathize with their mother country? Do not the sons of France sympathize with theirs? Is not the same true of Russia and of Italy? Why should it not be true of those who are born in Germany or Austria? The trouble is that the extremists on both sides have mistaken a natural attachment felt for birthplace for disloyalty to this country.'

President Unjustly Criticized.

"The president has been unjustly criticised by the partisans of both sides—the very best evidence of his neutrality. If he had so conducted the government as to wholly please either side it would excite not only astonishment, but misgivings, for partisans cannot give an unbiased judgment, they will of necessity look at the question from their own point of view, giving praise or blame, according as the act, regardless of its real character, helps or

hurts the side with which they have aligned themselves."

Defends Export of Munitions.
Mr. Bryan defends the export of munitions of war as a legal proceeding, praises the loyalty of German-Americans and continues:

"What I have said in regard to the German-Americans is an introduction to an appeal which I feel it my duty to make to them."

"First: If any of them have ever in a moment of passion or excitement suspected the president of lack of neutrality or lack of friendship toward the German government and the German people let that thought be forgotten, never again to be recalled. I have, since my resignation received numerous telegrams from German-Americans and German-American societies commending my action; I think the senders of these telegrams understand my position but that no one may mistake it let me re-state it."

Wilson Hopes for Peace.

"The president is not only desirous of peace but he hopes for it and he has adopted the methods which he thinks most likely to contribute toward peace. My difference from him is as to method, not as to purpose and my utterances since resigning have been intended to crystallize public sentiment in support of his efforts to maintain peace, or to use a familiar phrase—'peace with honor.' But remember that when I use the phrase 'peace with honor,' I do not use it in the same sense that those who regard every opponent of war as favoring 'peace at any price.'

"'Peace at any price' is an epithet, not a true statement of any one's position or of the policy of any group. The words are employed by jingoes as an expression of contempt and are applied indiscriminately to all who have faith in the nation's ability to find a peaceful way out of every difficulty so long as both nations want peace. The alarmists of the country have had control of the metropolitan press and they have loudly proclaimed that the prolongation of negotiations or the suggestion of international investigation would be a sign of weakness—and everything is weakness that does not contain a hint of war. The jingo sees in the rainbow of promise only one color—red."

Should Help Secure Peace.

"Second: Knowing that the president desires peace, it is your duty to help him secure it, and how? By exerting your influence to convince the German government of this fact and to persuade that government to take no steps that would lead in the direction of war. My fear has been that the German government might, despairing of a friendly settlement, break off diplomatic relations and thus create a condition out of which war might come without the intention of either country. I do not ask you to minimize the earnestness of the president's statement—that would be unfair, both to him and to Germany. The sinking of the Lusitania cannot be defended up on the facts as we understand them. The killing of innocent women and children cannot be justified, whether the killing is by drowning or starving. No nation can successfully plead the inhumanity of her enemies as an excuse for inhumanity on her own part. While it is true that cruelty is apt to beget cruelty, it cannot be said that 'like cures like.'"

"Even in war we are not absolved from the obligation to remedy evils by the influence of a good example. 'Let your lights so shine' is a precept that knows no times nor seasons as it knows neither latitude nor longitude."

Necessary to Treat Separately.

"Third: Do not attempt to connect the negotiations which are going on between the United States and Germany with those between the United States and Great Britain. The cases are different, but even if they were the same it would be necessary to treat with each nation separately. My personal preference has been to repeat our insistence that the allies shall not interfere with our commerce with neutral countries, but the difference on this point was a matter of judgment and not a matter of principle."

A portion of the note to Great

U. S. AWAITS REPLIES FROM MEXICAN CHIEFS

SEVERAL WEEKS MAY PASS BEFORE ANY FURTHER STEP IS TAKEN

Government Will Watch Efforts of Belligerents to Settle Differences—Red Cross Goes Ahead With Work of Relieving Starving Non-combatants.

Washington, June 11.—Several weeks probably will be allowed to pass before the United States takes any further step in the announcement of its policy toward Mexico as announced by President Wilson in his recent statement warning the factional leaders to "accommodate their differences" and restore peace to the famine threatened country.

May Await Naming of Secretary. In the meantime replies from Villa and Carranza will be awaited; the government will watch with interest the efforts of the belligerent factions to hurry a settlement of their differences on the battle field and the American Red Cross will go ahead with its work of relieving starving non-combatants. It is regarded a probable that the next action by the United States will not be taken until a permanent successor to Mr. Bryan as secretary of state has been named.

Consular agent Carothers advised the state department today that he had telegraphed General Villa in behalf of George Marks and Franklin, believed to be American citizens who are under death sentence or alleged circulation of counterfeit money. Mr. Carothers said he would leave his post for Chihuahua to take up the case directly with the Villa authorities. He has been instructed by the state department to insist that no summary measures be taken against the two men.

Report Urges Need of Food.

Additional reports of distressing conditions in various parts of Mexico were received during the day at the state department and Red Cross headquarters here. Urgent need of food among the natives of Lapaz, Lower California, and vicinity was reported. In the state of Tamaulipas, dispatches said, the food situation was extremely critical, the natives being practically without any means of subsistence.

A message from Durango said that unless additional supplies were received there soon the people would be compelled to eat green maize during August and September.

Held Boy for Ransom.

El Paso, Tex., June 11.—Cecil Boyd, 19, son of J. J. Boyd, a prominent cattleman of El Paso, is held by bandits in Western Chihuahua for \$5,000 ransom. Word of the detention was brought to the border by Gordy Boyd, 21, a brother, after a 50 mile walk. Arrangements were made immediately to forward the ransom money to the spot designated by the bandits while rounding up cattle under an escort of Villa soldiers from whom they became separated. Gordy Boyd was sent here by the bandits with their demands. Four men left tonight with the money.

TO PROSECUTE MISSING SAILORS OF RAIDER EITEL IF CAPTURED

Officials Agree That Action Under the Immigration Laws Would be Most Effective.

Washington, June 11.—Department of justice officials today settled upon a means of proceeding against Lieutenant Brauer and several sailors reported missing from the interned German auxiliary cruiser Prinz Eitel Friedrich at Norfolk, if they can be located in the United States. Prosecution under the immigration laws, it was agreed, would be the most effective way of dealing with the fugitives.

After nearly a month of search, however, agents of the department have failed to locate the missing Germans and it is supposed that by this time they must have succeeded in escaping from American territory. Officials of the state department are prepared to make representations to the German government if these men return to Germany.

During the war between Russia and Japan, a Russian officer and two men under parole at San Francisco escaped and reached Vladivostok. Upon representations by the state department the Russian government promptly returned the men who violated their paroles. Lieutenant Brauer and the men who accompanied him left the Prinz Eitel Friedrich while the ship was at Newport News and before she had been interned or her officers paroled. If they should be captured by the allies, while endeavoring to make their way to Germany they probably would be treated as ordinary prisoners of war.

SALOONKEEPER KILLS

SECTION FOREMAN.
Danville, Ill., June 11.—John Dillman, aged 59, section foreman for the Chicago & Eastern Illinois railroad at Cayuga, Ind., was shot to death this evening by John Hoskins, manager of a Danville saloon in which the tragedy occurred.

Hoskins when arrested confessed, stating that Dillman's boasted relations with Mrs. Hoskins caused the shooting.

War News Summarized

While fighting is going on in all of the various theaters of the war it is evident from official statements of the belligerent war offices, that it is partaking of the same character as has been the case for many days.

As is usual, there is some divergence in the reports as to victories claimed. Russia chronicles the repulse of the Germans on the right bank of the Dniester in the vicinity of Zburawa and also at several other points in this region and asserts that thousands of the Austro-German soldiers were captured.

Vienna on the other hand, says that in southeast Galicia and in Bukovina the Teutons were successful in their attacks on the Russians south of the Dniester and along the Pruth.

While the Italians are claiming the capture of Ploeken, a strategic point on the Austro-Italian frontier, the Austrians assert that Italian attacks on their fronts have been repulsed.

On the western line the French declare that they have fortified their positions in front of Neuville St. Vaast and in the region of the Touvent farm, southwest of Hebuterne. Little fighting is going on along this front.

The Serbians are reported to have captured Elbasan and Tyrrana in Albania and to be marching on the important seaport of Durazzo. It is declared that the Albanian insurgents have proclaimed a republic which is considered may complete matters in this region.

Comment On Latest Note to Germany

LONDON, June 12.—The London morning newspapers in their editorials on the latest American note to Germany, while remarking on its extreme courtesy, combined with firmness, all seize upon its essential point that there can be no further negotiations until assurances are forthcoming that American lives and American ships will be safeguarded. Notice is taken by the newspapers of the full opportunity that is given Germany as some of them express it, "to save her face" and some measure of surprise is expressed why Mr. Bryan should have considered it necessary to resign as secretary of state after having signed the first note.

BERLIN, June 11.—via London.—The Vossische Zeitung says: "The note probably will not be answered sooner than two weeks, because the arrival of Dr. Anton Meyer-Gerhart with special messages from Count von Bernstorff, the German ambassador at Washington, to the German government, must be awaited. His arrival is not expected before the 17th and the answer cannot be prepared until after this."

The note has been well received in official quarters.

LONDON, June 12th.—The Morning Post in an editorial on the American note to Germany says it is puzzled to find the reason for the resignation of Secretary of State Bryan, since the note confines nothing "new."

AMSTERDAM, via London, June 11.—A despatch from Berlin to the Kolnische Volks Zeitung, a copy of which has been received here, says:

"Without doubt Mr. Lansing, in comparison with Mr. Bryan, is a man of very sharp tone, but the German press will do well not to enquire too anxiously whether he is a man of sharp or of peaceful tone."

"Our submarine war will not cease on that account. If American ships or Americans in British ships enter the war zone they must, despite Mr. Lansing and President Wilson, take the risk involved in such a voyage. America can claim the right to judge neutrals' rights only when she herself maintains neutrality. Such was not the case under the pacifist Mr. Bryan and probably will be just as little the case under the international law expert Mr. Lansing."

LONDON, June 12.—The Times in an editorial today on a note sent by the United States to Germany says it is "inclined to believe that Germany will not reject the demands, but will resume negotiations and endeavor to preserve friendly relations with the United States, especially as Wilhelmstrasse can discover in various passages of the note material for procrastination if it so desires."

AT LEAST TWO DEATHS RESULT FROM STORM IN KANSAS AND MISSOURI

KANSAS CITY, June 11.—At least two deaths resulted from the rain storm which swept over eastern Kansas and western Missouri last night. Owing to the demoralized condition of all telephone and telegraph lines the reports of the deaths did not reach here until tonight. Harry L. Bevan, a mine superintendent at Pittsburgh, Kansas, was drowned early today in a flooded mine shaft. Several workers at the mine narrowly escaped death in an attempt to rescue the superintendent. At Pleasant Hill, Mo., Thomas McClinton, a farmer was drowned while attempting to cross a flooded pasture.

U. S. WILL SEND NOTE TO ALLIES

Government to Insist on Change in Operation of Blockade

OPTIMISM IS MANIFEST

Document Presented to Ger- many Is Interpreted on All Sides as Decidedly Friendly

WAY OPEN TO SOLUTION

BULLETIN.

LONDON, June 12.—German opinion is unanimously against granting President Wilson's demand for assurances that American ships and lives will not be endangered by submarine warfare, according to a Berlin despatch to the Exchange Telegraph company sent by way of Amsterdam.

WASHINGTON, June 11.—Optimism—more pronounced than it has been since the diplomatic correspondence of war began—was manifest today in official quarters here over the prospects for a peaceful outcome of the pending controversy between Germany and the United States. The American note presented to the Berlin foreign office today by Ambassador Gerard was interpreted on all sides as decidedly friendly and leaving the way open to a satisfactory solution with honor to both sides. Officials made it clear that the note proposed had been phrased so as to relieve the harshness of the United States with respect to the principles of humanity and international law and at the same time to afford Germany an opportunity with dignity to make her practice square with the principles expressed.

To Send Note to Allies.

It was officially stated today that a note would soon be sent to Great Britain and her allies insisting on a change in the operation of the blockade contained by them so as to conform with the principles of international law forbidding interference with trade in non-contraband articles, passing to and from a belligerent country through a contiguous neutral country. This, it was generally believed, would be an important factor in convincing the German government that the United States would maintain the same vigorous position on the fundamentals in international law with respect to the allies as has been the case in the American correspondence with Germany.

The statement issued tonight by William Jennings Bryan revealed that, while secretary of state, Mr. Bryan favored the sending of a note urging prompt adherence by the allies to the requests of the American note of March 30th, to Great Britain and France concerning the order-in-council. Mr. Bryan disclosed that the president had differed with him as to the time when the note would be sent but that the intention to send such a communication was fixed.

Brings Variety of Predictions.

Close reading in diplomatic quarters of the American note to Germany presented by Ambassador Gerard today, the second since the Lusitania was sunk, brought out a variety of predictions and views as to the manner in which Germany would reply. There was a general feeling of confidence, however, that Germany would accept some of the several avenues of approach purposely included in the note by the American government so as to make possible a friendly settlement.

Much importance was attached to the statement of the willingness of the United States to exercise its good offices as between the belligerents in any attempt to come to an understanding "by which the character and conditions of the war upon the sea may be changed."

May Lead to Peace Negotiations.

This, it was believed in many quarters, might result in a correspondence that might ultimately lead to peace negotiations. It was learned too, that copies of the American note to Germany had been cabled to the American embassies at London, Paris, Petrograd and Rome for the information of the ambassadors there and that copies would be deposited with the respective foreign offices at those capitals.

This procedure enables Great Britain and her allies to take cognizance of the virtual invitation of the United States to the belligerents to make suggestions and it is suggested that out of it may grow a modus vivendi or temporary arrangement whereby the rights of neutrals or belligerents would not be given up during the progress of the war, but changes affected so as to mitigate the terrors of the conflict and afford safety to non-combatants and neutrals on the high seas. The resignation of Mr. Bryan because he believed the note to Germany might lead to hostilities is a factor where high officials here regard as likely to have an important influence on changes.

HOUSE IS THROWN INTO RIOTIOUS CONFUSION

REPRESENTATIVE LYLE OBJECTS TO CONSIDERATION OF SENATE BILLS

Shouts Protest for More Than Thirty Minutes But Speaker Shanahan Refuses to Pay Any Attention to Him—Adjournment Is Expected Thursday.

Springfield, Ill., June 11.—For more than half an hour this afternoon the lower house of the legislature was thrown into riotous confusion because of objections made by Representative John Lyle of Chicago to the consideration of senate bills. "I object, I object, I object," shouted Representative Lyle as forty three senate bills were advanced on the calendar or referred to committees.

For more than thirty minutes, Lyle was on his feet, shouting his objections but Speaker Shanahan refused to pay any attention to him.

Refer Bills to Committees.

In the meantime the clerk read the bills and they were referred to committees.

Members of the house gathered about in small groups on the floor and every time Lyle shouted an objection, they attempted to hoot him down. At times the din was terrific. The confusion ended when the house adjourned after having acted on all of the senate bills to which Lyle objected.

Most of the afternoon session of the house was spent in advancing bills from the second to third reading. Among the bills advanced were the following:

The old age pension.
The anti-lion shark bill.
Creating a minimum wage commission and providing for the fixing of a minimum wage for women and child workers.

The house concurred in the senate joint resolution providing for the appointment by the governor of a commission to investigate the subject of unemployment in Illinois.

Dunne Signs Mileage Bill.

Governor Dunne today signed the legislative mileage bill, appropriating more than \$26,000 for the reimbursement of members of the legislature for railroad fares spent in traveling between their homes and sessions of the assembly.

As the measure contained an emergency clause, it became available immediately. Within a few hours after the bill had been signed, many members had obtained their money.

May Adjourn Thursday.
Next week the house will hold an all-day session Monday. The senate adjourned yesterday and for the first time this year will hold a Monday session next week. It will reconvene at 8 o'clock Monday night.

Approximately forty appropriation bills remain to be passed, but leaders in both houses say these can be put through easily by Thursday. Both houses expect to adjourn by midnight Thursday, recess for ten days and then adjourn sine die.

VILLA OFFERS TO LEAVE MEXICO IN EFFORT TO BRING PEACE

Offer Is Made Providing Carranza Will Also Leave.

San Antonio, Tex., June 11.—General Francisco Villa, through his consulate here reaffirmed today his offer of several months ago to leave Mexico, if General Carranza would do likewise, in an effort to bring peace to his country. The consulate made public the following despatch under an Aguas Calientes date:

"I am in a disposition to resign and go out of Mexico if Carranza will do the same thing. This may bring peace to my disgraced country."

"Francisco Villa, chief commander of the operations."

Carranza adherents here said Villa's offer had no likelihood of acceptance by the "first chief" at this time.

The situation in Berlin because he revealed in advance that President Wilson would reject any protracted parley and would not surrender the right of Americans to travel on unarmed and unresisting merchant ships of any nationality. Inasmuch as Mr. Bryan interpreted the note which was presented by Ambassador Gerard today as likely to lead to war, much more strength of purpose was admitted in official quarters to be attached to the note on its receipt in Berlin by the ministry while German public opinion would not find in the text itself any provocation for a rupture in relations.

Surprised at Bryan's Course.

As the note was discussed and gossiped about in official and diplomatic quarters, surprise was generated that Mr. Bryan had declined to sign the document. The belief that the note might have been changed before it was finally dispatched after Mr. Bryan rejected its contents was dispelled by Secretary Lansing who said he had been directed by the president to show the note to Mr. Bryan in its final form because of some unessential and minor changes.

RUSS PUSH TEUTONS BACK; TAKE 7,000

Reinforcements Arrive in Time to Force Portion of Army Across Dniester

SERBS MOVE ON DURAZZA

Heavy Fighting Continues Along Italian Frontier, Particularly on the River Isonzo

SUBMARINES SINK FIVE SHIPS

LONDON, June 11.—The American note to Germany which is considered here as "firm but pacific" divided the interest of the British public today with the successful Russian counter thrust against the Austro-German lines in Galicia. When placards of the evening newspapers announced the receipt of the note there was a general rush for copies as the text had been anxiously awaited. It arrived too late, however, for comment in the evening editions.

Russ Success Brings Relief.

The Russian success naturally has caused gratification and relief and now military experts expect that there will be a repetition in Galicia of what occurred before Warsaw last winter when the Germans suffered enormous losses in their efforts to break the Russian front on the Bzura and Rawka rivers. As on that occasion Russian reinforcements arrived in time to force back a portion of General Linsingen's army which had crossed the Dniester river near Zburawa, before it could be strengthened and entrenched.

Make no Mention of Fighting.

The German and the Austrian official reports make no mention of the fighting in this region but from an account issued in Petrograd the Austro-Germans must have suffered very heavy reverses to have lost seventeen guns and 7,000 prisoners. In fact military men express the belief that very few of those who crossed the river could have escaped.

The Russians also claim that further up the Dniester directly south of Lemberg, they have pressed their opponents back and have taken another 2,000 prisoners, while near Mosaic, to the east of Przemysl they say the Germans suffered very severely when they attacked the Russian position. In eastern Galicia and in Bukovina the Russians continue to fall back to the Dniester under the Austrian pressure.

Serbian March Toward Durazzo.
Following the example of the Italians, who occupied Avonla, an Albanian port on the Straits of Oranto, the Serbians are marching across northern Albania towards the port of Durazzo, while the Montenegrins are making the port of Alessio, still further north. For some time Albania has been overrun by bands which, it is alleged, were organized by Austrians and Turks to harass Serbia and in fact these bands have more than once invaded Serbian territory. The opinion is generally expressed here that these occupations probably will spell the end of Albanian integrity.

Heavy fighting continues along the Italian frontier, particularly on the river Isonzo where the Austrians are making their most determined effort to stem the Italian advance.

Sink Five Vessels.

Today's toll exacted by German submarines is five vessels—the British steamer Strathcarron, the Russian steamer Danis, the Swedish steamer Otago, the Russian bark Thomasina and the British trawler Intrepid. A British warship also was attacked by a submarine in the Adriatic but reached port slightly damaged.

SINK TRAWLER INTREPID.

London, June 11.—The trawler Intrepid has been sunk by a German submarine in the North Sea. The members of the crew of the vessel who have been landed by a steamer at Lowestoft, were in one of the ship's boats for twenty-one hours and without food before the steamer picked them up.

WEATHER FORECAST AND TEMPERATURES

Illinois—Unsettled weather Saturday and Sunday with probably thunder showers; rising temperature; increasing east to south winds.

Temperatures.

MURRAYVILLE YOUNG WOMAN CAUSED MERCHANTS WORRY

Miss Anna Garner, a young lady from Murrayville who has been staying in Jacksonville for some time, caused a number of Jacksonville merchants some uneasy hours Friday morning, but subsequently the troubles were all settled. Miss Garner made purchases principally at dry goods stores amounting to nearly \$200 and gave checks on the Murrayville bank in payment. In a number of instances she gave checks for amounts in excess of her purchase and received some money in change. It developed afterward that she had no money on deposit in the bank, but her father, Thomas Garner of Murrayville, who is well-to-do, straightened up the affairs Friday morning. In a number of instances the goods were returned to the stores where the purchases had been made. It was understood that Miss Garner intended no wrong and that she thought that she had made an arrangement at the bank for having the checks cashed for until she and her father could give a note for the full amount.

TO ATTEND SUMMER SCHOOL.
Misses Lillian Carter and Beas Bryant expected to leave today for Normal where they will attend a summer institute. Misses Mary Clampt and Bea Ellis expect to leave tomorrow.

Mr. Bryan evidently believes that "a soft answer turneth away wrath" and that this principle is just as applicable to nations as to men.

Most anything is likely to happen now in the Illinois general assembly. A vast number of bills must be considered, yet both houses will adjourn, after next Thursday for a ten day period and then sine die adjournment will be taken. More bills have been finally acted upon than has been true with some former assemblies at like date but there still remains hundreds of measures which must be disposed of in some manner within a few days' time.

Although the Butts committee appointed by the legislature to investigate the Chicago voting machine deal has expended thousands of dollars and collected volumes of testimony the findings amount to nothing because such partisanship is shown. Six republicans and a progressive declare that the voting machines are inaccurate and permit fraud and that the million dollar machine contract made with Chicago was crooked. The minority report signed by five democrats says the contract had no hint of irregularity and that machines are accurate and make election frauds less likely.

An Appeal to Patriotism.

Perhaps the former secretary of state resigned because he felt himself that he could not measure up in that particular line of ability, with some of his distinguished predecessors. Be that as it may, his note addressed to the German people the third issued since his resignation seems to have more of substance than the others or at least seems to have a more immediate and direct bearing upon present affairs.

As a private citizen Mr. Bryan addresses German Americans as "fellow citizens" and in a way he knows so well how to do, appeals to their patriotism. His appeal to them to use their influence to have the fatherland accede to American demands is strong indeed, and there is a great deal of force in his suggestion that Germany has much to gain by acceding to this country's demands with the belief that the U. S. can be depended upon to then prove to make certain requirements also of England in the name of humanity and civilization.

Mr. Bryan's appeal to "German-American Fellow Citizens" will probably have some weight and the former secretary certainly gets off a fine bit of patriotism on his own account when he urges that "they forget never to recall, any suspicion of lack of neutrality or friendship toward the German people of the part of the president of the United States."

If Mr. Bryan succeeds in lining up a large number of influential German Americans in an effort to make Berlin see the pending question from the American viewpoint he will have performed a great service and helped in the solution of a great problem.

Bryan Not a Statesman.

The recent action of ex-secretary Bryan in resigning his position emphasizes what had been said of him by fair minded critics many times. There is no attempt to deny his unalloyed patriotism, his devotion to principle, his ardent advocacy of religion, of temperance, of morals and all that he conceives to be good. There is no desire to question any of these things and his strict personal integrity but the unquestioned fact remains that he is very lacking in statesmanship.

Bryan's dealings with Mexico clearly prove this. Caspar Whitney, a careful, fair and painstaking writer, sets that forth conspicuously in a series of articles in the Outlook. Had a firm hand been shown the instant the people of that misguided or misguided people showed the U. S. flag an insult there is every reason to suppose there would have been no more trouble. People must be taken as they are and not as we would have them. The one who said "if a man smite thee on the one cheek turn to him the other also" said in the same matchless discourse "Give not that which is holy unto the dogs neither cast ye your pearls before swine lest they trample them under their feet and turn again and rend you."

Forbearance and patience are fine under most circumstances. It is not wise to seek a quarrel but the boy on the playground who becomes known as one who will never strike back soon becomes the target for all manner of abuse and so it is with nations; if one be known as invariably peaceful and never standing up for its rights it will soon find its mistake to its sorrow.

Mr. Bryan's resignation was inopportune and brought with it the

danger of placing our nation in a wrong light abroad.

Nothing in the world would suit Germany better than to spend a year or two in "peaceful negotiations" over the questions at issue while her submarines continued their cruel work but such is not the view of President Wilson nor the majority of the people. It is time now to settle the question.

Eying the Governorship.

While Illinois politics have been rather lost sight of during recent days because of the interest in national affairs, there is nevertheless a great deal of activity and the time is probably not far distant when a number of definite announcements will be made of gubernatorial candidacies.

Thus far the only avowed candidate is Col. Frank Smith of Dwight, but according to the Chicago papers Frank O. Lowden will almost certainly be a candidate. In Springfield recently the central camp of Woodmen endorsed Senator J. S. Smith for the governorship and will urge that he become a candidate for the position. Senator Smith, who is a lawyer of acknowledged ability, has taken a prominent part in Woodmen affairs for a number of years and was one of those very active in opposing the radical changes in rates proposed by the head officers of the order.

Col. Lowden has not definitely decided on his course. Several years since it was his intention to retire from active political life, but with returning health has come his renewed interest in things political. He is a farmer with extensive land interests in the northern part of the state, a man of large wealth, an excellent speaker, and has a wide acquaintance throughout the state. If he decides to be a candidate and avoids any entangling alliances he will be quite a formidable candidate.

There is also a rumor that former governor Charles S. Deneen may also enter the race and as has been several times mentioned in these columns, there is a strong probability that State Treasurer Andrew Russell may be a candidate. Although Mr. Russell himself is non-committal when the subject is broached, the splendid showing he made in the last election, the fact of his standing in the party, and his wide acquaintance in every one of the hundred and two counties of the state have made many people feel that he is the logical down state candidate for governor in 1916, and certainly a down state candidate is likely to have the preference at the polls this time.

Mayor Thompson's Political Troubles

Mayor Thompson of Chicago, who started out so auspiciously upon his administration, is said to have encountered various political troubles already and there have been defections from his camp and his advisers. In the election he had the support of the Brundage faction of the party but recently the mayor has shown a disposition to take counsel from a number of politicians unfriendly to both the Brundage and Deneen interests, with the resulting defections already suggested.

It seems that Thompson's election was due not only to its being a Republican year but also to a number of contributing causes and that the large majority given him has made him a trifle heady. This was evidenced at the judicial convention sometime since when certain factions in the party united against him in the choice of candidates and a large percentage of the candidates so chosen were elected the past week.

But notwithstanding some rather unfortunate alliances that the mayor has formed, he is credited with some good intentions and good work. In this category can be listed the appointment of Chief of Police Healy, who it is understood has a free hand and instructions that Chicago must be cleaned up. It is said to be in the line of Chicago that when a mayor appoints a chief of police he demands a written resignation at the same time to keep on file and to be accepted at any time, but that this is not true with Chief Healy's appointment. The new mayor is also favoring playgrounds and parks for children all over Chicago and is giving some other evidences, too, of his desire to make a good mayor. If he can be disabused of the idea that he is to become a national leader of the party and will devote himself as sidiously to the vast duties of the position he has, a great number of Chicago residents believe that he will prove an efficient and successful mayor.

Miss Olive M. Blunt will give her stereopticon lecture on Japan at the Durbin church, Thursday, June 18. Admission 10 cents.

WHEEL TAX DECISION.

The supreme court has denied a rehearing in the case of Joseph P. Dehner against the city of Lincoln which was decided recently against the city and involved the right to levy a wheel tax. The decision also affects Chicago and a number of cities where a vehicle tax has been levied and collected. There is some question though as to whether the finding means that a tax cannot be imposed upon vehicles of any kind. The principal contention in the suit was understood to be that a tax on automobiles could not be made because of the state license fee collected on automobiles, a local tax resulting in double taxation.

ANOTHER SHIPMENT OF ORTRICH AND MALINE BOAS JUST RECEIVED! SPECIALLY LOW PRICED AT HERMAN'S.

CARD OF THANKS.

We wish to thank our many friends and neighbors who assisted and sympathized with us during our recent bereavement and for the many beautiful flower offerings. Mr. and Mrs. H. D. Moore and family.

Drink Claus' Famous Coffees.

RESOLUTIONS PASSED BY MORGAN COUNTY TEACHERS

Five Days Profitable Institute Closed Friday With Largest Attendance in History of Organization.

The closing sessions of the Morgan County Teachers' Institute were held Friday afternoon, when resolutions were presented by the committee and unanimously adopted. With an attendance of 268, the institute goes down in history as the largest attended since its inception. Friday morning Dr. O. L. Warren spoke on "An Exposition in Stocks" and Dr. Stanley L. Krebs on "Curing Bad Habits." In the afternoon Dr. Warren spoke on "Attention in School and Class Room" and Dr. Krebs on "The School of Tomorrow." The lectures were highly instructive and profitable. The institute as a whole has been one of the most successful ever held.

The following are the resolutions:

Resolutions Presented.
Whereas, the county superintendent has secured the public high school from the Board of Education; and

Whereas, he has arranged our teachers' institute immediately after the close of the various schools, which has made it possible for all teachers of the county to attend the said institute, regardless of whether they expect to attend summer school or otherwise employ their vacations; and

Whereas, the county superintendent has shown his familiarity with the modern trend of education and his desire to educate his teachers along the same line by securing two such able lecturers as Dr. Warren and Dr. Krebs;

Now, therefore, be it resolved: First, that we, the teachers of Morgan county, desire to thank the Board of Education for the use of their excellent school building.

Second, that we congratulate our county superintendent upon the place, time, and excellent lecturers furnished to us in this institute.

Third, that the thanks of the Morgan county teachers is hereby extended to Miss Edna Wardhaugh for her faithful and efficient service at the piano.

Fourth, we further wish to acknowledge our deep appreciation of Dr. Krebs in the length and depth and breadth of his psychological lectures and the unique and happy manner in which they were delivered. Especially do we appreciate the intrinsic value of that part of his lectures pertaining to destructive and constructive discipline, and we lament the fact that every thinking parent and everyone else interested in child training could not have heard him.

Fifth, we further wish to acknowledge our deep appreciation of Dr. Warren in the happy, ready and humanely sympathetic manner in which he presented his splendid pedagogic lecture. Especially do we commend his mannerism and happy personality in the music of our institute, which has given us the real insight into the value of real soul music in our public schools, and which caused us to realize that many of the troubles of our lives that we cannot cry away, we can sing away.

Elizabeth Koch,
Paul D. Morrison,
Myra D. Kline,
J. H. Dyal,
Committee.

Try Claus' Peaberry Coffee, 25c pound. This fine.

SAYS THIS IS YEAR FOR GRAIN STACKING.

A celebrated grain man, in a farm journal, says that farmers will do well by stacking their grain this year because of the great crop that is likely to be harvested. Part of the article is as follows:

"Unless some unforeseen calamity should occur the wheat crop this year will exceed the phenomenal crop of last year, and will probably be more than 700,000,000 bushels of winter wheat alone. This means that the threshing outfits, railroads, elevators, etc. will be crowded to the utmost and a great part of the grain will stand in the field for weeks. Therefore it should be stacked.

"Stacking will save grain and straw which might otherwise be spoiled in wet weather.

"Stacking will put grain through a complete sweat which improves quality.

"Threshing from the stack requires less help than shock threshing, which will equalize the cost of stacking.

"Stacking furnishes good storage with absolutely no cost, which would prevent glutting the market at any one time.

"The grain must be removed for early working of the soil. Stacking makes it possible to plow following harvesting. Early plowing is one of the greatest factors in increasing the yield. Discing the land early is the next best thing."

CAME AT MURRAYVILLE.
The Murrayville and Manchester baseball teams will play this afternoon at 2 o'clock at Murrayville. The batteries will be Murrayville, Fanning and Doyle; Manchester, Hicks and Alred.

FLAG DAY SERVICE.

A "Flag Day Service" will be held at the First Baptist church Sunday evening. A flag salute will be given by the Juniors and flag song will be sung by a Junior duet. Carl Hill will give a violin solo and the pastor, Rev. Percy W. Stephens will preach on "The Stars and Stripes." All who attend the service will be given a small flag.

Miss Nellie Foey and Miss Theresa Healy of Murrayville were among the Friday visitors in the city.

Delicious and Cooling

Wild Cherry Phosphate

To a glass of water add one teaspoonful Phosphate, three of sugar, stir, on have a beverage that will tempt the flagging appetite, tone up the weak stomach, and brave the nerves. BRYAN DEFENDS WILSON'S NEUTRALITY

(Continued from page one)

Britain dated March 30th, is then quoted.

"There is no doubt," Mr. Bryan continues, "that our government will insist upon this position; that is an important thing the exact date of the note is not material. My reason for desiring to have the matter presented to Great Britain at once was not that Germany had any right to ask it but because I was anxious to make it as easy as possible for Germany to accept the demands of the United States and cease to employ submarines against merchantmen. There is no reason why any German-Americans should doubt the president's intentions in this matter. I am sure that everyone will, on reflection, recognize that our duty to prevent loss of life is more urgent than our duty to prevent interference with trade—loss of trade can be compensated for with money but no settlement that the United States and Germany may reach can call back to life those who went down with the Lusitania—and a war would be the most expensive of all settlements because it would enormously add to the number of the dead."

Hopes Germany Will Acquiesce.

"Fourth, I hope that Germany will acquiesce in the demands that have been made and I hope that she will acquiesce in them without conditions. She can trust the United States to deal justly with her in the consideration of any changes that she may propose in the international rules that govern the taking of prizes. The more generously she acts in this manner, the greater will be the glory which she will derive from it. She has raised a question which is now receiving serious consideration, namely, whether the introduction of the submarine necessitates any change in the rules governing the capture of prizes. The position seemingly taken by Germany namely, that she is entitled to drown non-combatants because they ride with contraband, is an untenable position; the most that she could insist upon is that, in view of the introduction of this new weapon of warfare, new rules should be adopted—separating passengers from objectionable cargo."

Late today Mr. Bryan visited the state department. He called upon his successor, Mr. Lansing and assistant secretaries, stating that he would visit the department from time to time.

FOUR MEN BLOWN TO ATOMS IN NITROGLYCERINE EXPLOSION

HANNIBAL, Mo., June 11—Four men were blown to atoms in an explosion of nitroglycerine at the plant of the DuPont Powder company at Ashburn, Mo., fifteen miles south of here this afternoon. The men killed were:

August Ploesser, Bud Harmon and Eugene Holland of Ashburn, and Austin Spencer of Hannibal.

The explosion occurred in the oil storage building. The cause of the accident thus far remains a mystery. The four men killed were in the building at the time of the explosion which was heard throughout a radius of 17 miles.

Two other buildings of the plant were demolished by the force of the explosion.

THE BIRTH RECORD.

Born, to Mr. and Mrs. Joseph DeFrates, Friday, a daughter.

Best time to buy summer suits and furnishing goods of Knoles.

Dr. Lightle of Tallula and Dr. F. P. Norbury of Springfield were here last night to attend the lecture by Dr. Eugene Opie of St. Louis before the Morgan County Medical club.

Rent Houses Wanted

There has never been a time when desirable rent houses, \$7.50 to \$25, were scarcer at Johnston Agency than they are today. Our facilities for securing the right renter for the right house are good. Being the only agency in the city making a specialty of this business, a constant stream of applicants pours through our office. We know what is due to tenants in the way of repairs, and our tenants stay. On the other hand, we collect all rents in advance, and we do not, upon the average, lose a full month's rent upon one house a year.

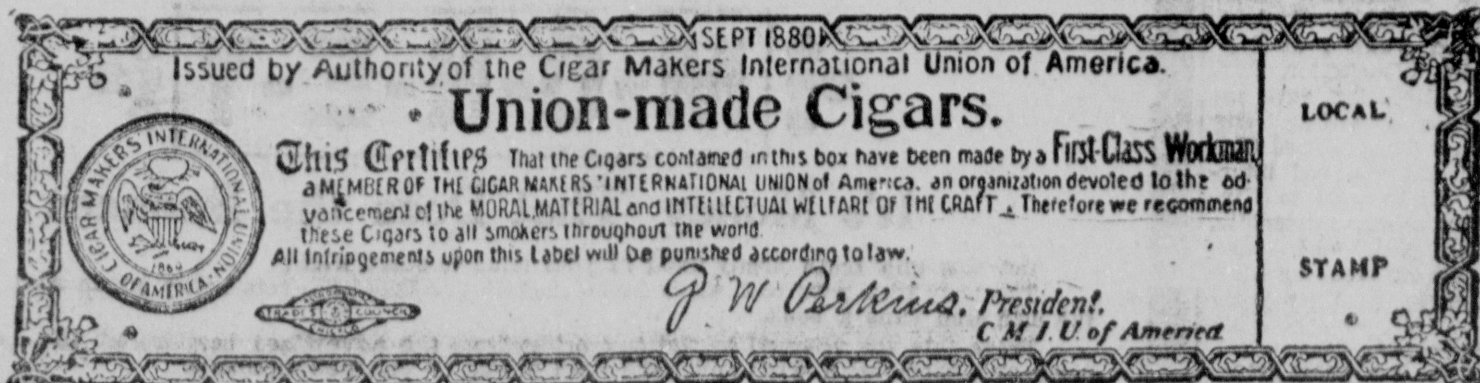

Landlords—We think you will find it profitable, and save yourselves a great amount of trouble, if you will let us attend to your rentals. We have made a science of it. And we respectfully solicit your business.

STORM IN FAR WEST DEVELOPS MARKEDLY IN ENERGY AND EXTENT

Is Central Over Middle Rocky Mountain Region Friday Night.

Chicago, June 11.—The storm in the far west developed markedly in energy and extent during Friday and tonight was central over the middle Rocky Mountain region, according to the forecast issued by Prof. H. J. Cox of the government weather bureau here. Unseasonably cold weather has developed in the plateau and northern Rocky Mountain districts.

Rains are indicated either Saturday or Sunday for practically all the states in the district lying between the Northern Rocky Mountain region on the west and the middle Mississippi valley and east lake region on the east and in the southern half of these sections the rain will be in the shape of thunderstorms.

The temperature will rise in the central states as the storm advances and will fall in the rear, accompanied by fresh to strong winds.

CARPENTERS AGREE TO SETTLE DIFFERENCES BY ARBITRATION

Will Meet Today to Decide Whether to Return to Work Pending a Settlement.

Chicago, June 11.—Union carpenters whose strike has tied up building operations here for a month today agreed to settle their differences with the contractors by arbitration. James Kirby, general president of the Carpenters International Union of Indianapolis, was chosen to represent the unions and Charles W. Gindele, president of the Building Construction Employers' association will represent the contractors. The two chose Joseph E. Lindquist, vice-president of the Central Trust company of Illinois as umpire.

The men who now receive 65 cents an hour, struck for 70, 72 1-2 and 75 cents for the first second and third years of an agreement. They unanimously refused 65 cents for eighteen months and 67 1-2 cents for the last eighteen months.

The carpenters will meet tomorrow to decide whether they will return to work pending a settlement by arbitration.

NO STEPS ARE TAKEN IN BERLIN FOR THE PUBLICATION OF NOTE

German Government Would Have Been Bitter Pleased if Note Had Not Been Given Out for the Present.

Berlin, June 11.—via London, June 12.—No steps have yet been taken here for the publication of the American government's note to Germany concerning Germany's methods of naval warfare.

The German government, which plans to defer an answer to President Wilson until the arrival in Berlin of Dr. Anton Meyer-Gerhard, the representative of Count Bernstorff, the German ambassador to Washington, it is said would have been better pleased if the note had not been given out for the present in the United States in order to avert newspaper comment in the interim.

Immediately upon the receipt of the American note which reached Ambassador Gerard last night and was decoded by embassy staff early this morning and delivered at the foreign office at 10:10 p. m. today, Herr Von Jagow, the foreign minister had copies of it made for the chancellor headquarters and the admiralty. Herr Von Jagow asked to be excused from any comment on the note until the various officials directly concerned had an opportunity to familiarize themselves with its contents.

In diplomatic circles the note was regarded as decidedly conciliatory in tone, far more so than the first stories reaching Berlin by cablegram had led the foreign diplomats to expect.

STATE BAR ACTS TO ELIMINATE "DEAD WOOD" APPLICANTS

QUINCY, Ill., June 11.—Over two hundred members of the Illinois Bar association assembled here today in annual convention and almost immediately took up the movement to eliminate from the association "dead wood" applicants or undesirable members of the profession.

A general discussion of "constitutional revision" was a feature of the day's proceedings. Lawyers from all parts of the state took part after President Edward C. Kramer's address on that subject.

A business session tonight failed to bring out opposition to Nathan W. MacKenney of Chicago, for president, and his election tomorrow is practically assured.

SEVENTEEN CONVICTS IN SANTIAGO PRISON REVOLT; TEN MAKE ESCAPE

PANAMA, June 11.—Seventeen prisoners who were confined in the penitentiary at Santiago, province of Veragua revolted today and ten of them made their escape after killing a police lieutenant, and one guard, and wounding five other guards. The men are now at large in the jungles, heavily armed with rifles and revolvers and a large quantity of ammunition, which they secured by breaking into the arsenal. After their attacks on the officers and guards at the penitentiary the men ran through the streets of Santiago shooting indiscriminately. One woman was wounded during this firing. The escaped convicts are men who were serving life sentences for murders.

T. R. APPLAUDS WILSON'S STAND IN DISAGREEMENT WITH BRYAN

Roosevelt Pledges Support to President in All Steps he May Take to Uphold Honor of Country.

New Orleans, June 11.—Applauding President Wilson for his stand in the disagreement with Secretary Bryan over the issue between the United States and Germany, Colonel Theodore Roosevelt, in a signed statement received here tonight from Bretton Island, La., pledged his support to the president in all steps he may take to uphold the honor and interests of the United States.

"According to Mr. Bryan's statement," Colonel Roosevelt says, "he has left the cabinet because President Wilson, as regards the matter at issue with Germany, refuses to follow the precedent set in the thirty all-inclusive arbitrations commission treaties recently negotiated and declines to suspend action for a year while a neutral commission investigates the admitted murder of American men, women and children on the high seas and further declines to forbid American citizens to travel on neutral ships in accordance with the conditions granted to us by Germany herself by solemn treaty."

"Of course I heartily applaud the decision of the president and in common with all other Americans who are loyal to the traditions handed down by the men who served under Washington and by the others who followed Grant and Lee in the days of Lincoln, I pledge him my heartiest support in all the steps he takes to uphold the honor and the interests of this great republic which are bound up with the maintenance of Democratic liberty and of a wise spirit of humanity among all the nations of mankind."

Colonel Roosevelt was told of Secretary Bryan's resignation late Thursday when several members of the Louisiana conservation committee joined the Parker-Roosevelt party at Battle Dore Island. On receiving a bundle of newspapers the first he had seen in several days, Colonel Roosevelt inquired:

"Has war broken; had I better return immediately?" He made no comment on the resignation of Mr. Bryan other than his written statement which he prepared today.

AFFIDAVIT CASE MAY INVOLVE MEN HIGHER THAN SIGNERS

WASHINGTON, June 11.—A Bruce Bielaski, chief of the bureau of the investigations of the department of justice returned to Washington tonight from New York where he has been directing an inquiry into the affidavits submitted to the American government by the German embassy to prove that the Lusitania carried mounted guns on her last trip. Mr. Bielaski said tonight the grand jury proceeding now under way in New York was instituted to develop the exact conditions under which the affidavits made by Gustave Stahl and others were framed. He added that it was probable that persons in a higher place in life than the makers of the affidavits would be involved.

WILL WELCOME INVESTIGATION INTO CONDUCT OF ACADEMY

ANNAPOLIS, Md., June 11.—(In an authorized statement tonight Rear-Admiral Fullman said he would welcome a searching investigation into his administration as superintendent of the naval academy. He expressed strong indignation at what he considered reflections and insinuations against him and the officers under his command in the course of the proceedings before the court of inquiry which is investigating irregularities in examinations at the academy.

Since he had been superintendent the admiral said, he had endeavored in every way to impress upon the members of each successive first class that they were no longer boys but were soon to become commissioned officers in the navy. Especially in their last year as midshipmen they were to maintain a high standard of honor among themselves and thus set an example to the under classmen.

NOT STRUCK BY LIGHTNING.

A report given the Journal Friday that the ireless aerial on the Ayers Bank building had been struck by lightning proved to be untrue. Parties who had passed the station noticed the lightning playing about the wires and thought that it had been struck. One of the members of the club stated yesterday that the aerial is considered a very efficient lightning protector and that a building is several times safer on which such a station exists.

RETURN FROM WEDDING TRIP.

Mr. and Mrs. William Switzer, who were married June 1 at Baptist parsonage in Winchester, Rev. D. H. Toomey, officiating have returned home after a wedding trip through the east. They visited Chicago, Cleveland, Toledo and intermediate points. They went to Winchester in Mr. Switzer's automobile, accompanied by Mr. and Mrs. George Smith. Their wedding came as a great surprise to their many friends.

SENDS BUTTER TO ENGLAND.

Swift and company at their local plant in Jacksonville are doing a big business. Yesterday twenty thousand pounds of butter was shipped from here to London, England. This creamy butter is packed in cubes weighing fifty-six pounds each. During the past month the local plant has shipped four car loads of poultry to England. The company expects to enlarge their facilities for feeding chickens, although the capacity is now 15,000. The creamery capacity is 40,000 pounds of butter per week.

ASSERTS ONLY INCREASE OF PAY WILL AVERT STREET CAR STRIKE

Head of Amalgamated Association of Street Railway Employees Will Confer With Chicago Mayor Today

Chicago, June 11.—W. D. Mahon, president of the Amalgamated association of Street Railway and Electric Employees, after two hours conference with the heads of the local unions today declared the only thing that would prevent a strike of the 14,500 employees of the street and elevated railroads Sunday would be a positive assurance of substantial increases of pay and improved working conditions.

Mahon came here today from Detroit at the request of Mayor Thompson and a final conference with the mayor will be held tomorrow noon. The strike which was to have gone into effect at 9 o'clock tonight was postponed until after the conference at the request of Mahon.

"My presence in Chicago in no way removes the danger of a strike," said Mahon. "Mayor Thompson must inform me tomorrow that the men will be given a substantial wage increase or I shall not interfere with the determination of the men to strike."

Union officials have expressed themselves as opposed to arbitration. One high official of the surface men's union said the subject of arbitration would not enter future discussions.

GERMAN FARMERS HOLD ESCAPED ALLIED WAR HORSES FOR RANSOM

Refuse to Surrender Animals Until Assured They Will be Compensated for Damage Caused by Horses.

Alton, Ill., June 11.—About 700 British and French war horses, part of a herd of several thousand horses which escaped from a stockade here during an electrical storm last night, tonight were being held for ransom by German farmers whose lands the horses had overrun and damaged.

Rumors that German sympathizers had caused the 100 foot breach in the stockade wall through which the animals escaped, were discussed but were generally discredited. The Farmers who rounded up small herds of the stampeded horses declared tonight they would refuse to surrender the animals until assured by agents of the British and French governments they would be compensated for the damage caused by the animals and for the expense incurred in corralling them. Four hundred horses were returned to the stockade after a spectacular roundup extending through the streets of Alton, Bonhom City and Wood River. More than a score of horses were killed by trains during the night and about an equal number died as the result of eating green corn and wheat in the fields. More than a thousand horses still are at large.

BOXELL'S PENNY COFFEE HOUSE

FOR SATURDAY
Potatoes, peck..... 15c
With a purchase of one pound of coffee 1/2 lb. of Tea or 1 lb. Cocoa. Potatoes are fine.

It's Money That Does the Business

Get this one truth firmly fixed in your mind to start with:
The man who pays cash saves more than 20 per cent and gets better goods and service than the man who runs a book.

Prove this for yourself by getting prices from the advertised bargains at the cash store and comparing them with what you have been paying on charged accounts.

Come and start a credit with us and we will loan you the MONEY to pay cash for everything and after you have once established a credit with us you can get MONEY on a moment's notice.

Everything Strictly Confidential

Call, write or phone Illinois 449 and our agent will be pleased to call at your residence and explain our liberal plan.

THREE MEN ARE DROWNED IN RIVER WHEN BOAT OVERTURNS

INDEPENDENCE, Iowa, June 11.—Ray Utneb, aged 23, David Sickles aged 18, and James Sickles, aged 23, were drowned in the Wapsipicon river here this afternoon when their boat overturned, precipitating them into the water. A Sewell was in the boat but managed to swim ashore, a distance of about thirty feet. He ran to find assistance, but before help arrived, the three men had drowned.

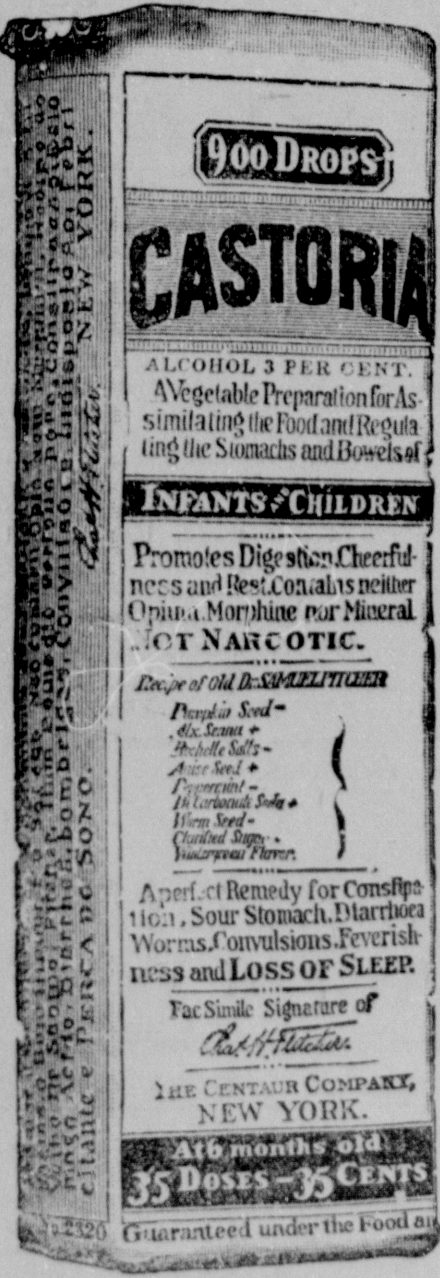

The party had planned a fishing trip and were just leaving the shore, when it was suggested that they

change their positions in the boat. All four men arose at the same time unsettling the boat. The water was about eight or nine feet deep at this point.

The leaves a widow and a small child. The bodies were recovered after an hour's search.

ITALIANS OCCUPY GRADISCA
Rome, June 11.—Via London, June 12.—It is officially announced that the Italians have occupied Gradisca, six miles southwest of Gorizia, in Austria-Hungary.

The New Baby is World's Wonder

Every tiny infant makes life's perspective wider and brighter. And whatever there is to enhance its arrival and to ease and comfort the expectant mother should be given attention. Among the real helpful things is an external abdominal application known as "Mother's Friend." There is scarcely a community but what has its enthusiastic admirer of this splendid embrocation. It is so well thought of by women who know that most drug stores throughout the United States carry "Mother's Friend" as one of their staple and reliable remedies. It is applied to the abdominal muscles to relieve the strain on ligaments and tendons. "Those who have used it refer to the ease and comfort experienced during the period of expectancy; they particularly refer to the absence of nausea, often so prevalent as a result of the natural expansion. In a little book are described more fully the many reasons why "Mother's Friend" has been a friend indeed to women for more than two generations. This book was prepared not only to aid the inexperienced but to enable so many women to have at hand the timely hints, suggestions and helps in concise and neatly printed form for ready reference. It should be in all homes. "Mother's Friend" may be had of almost any druggist but if you fail to find it write us direct and also write for book to Broadfield Regulator Co., 503 Lamar Bldg., Atlanta, Ga.

What is said herein of "Mother's Friend" is but a repetition of the thoughts expressed by thousands of happy mothers who have successfully used this splendid external application.

"THE WHOLE TRUTH"

Says Mrs. Eads, in Writing Her Praise For Cardui.

Circleville, Ohio.—"All I have said about Cardui, the woman's tonic, is the whole truth," says Mrs. Fannie Eads, of R. F. D. No. 6, this town.

"I suffered with womanly weakness, and pains in my back and limbs for two long years. I was so bad off, I could hardly walk at all.

My husband advised me to try Cardui, the woman's tonic, and I concluded to follow his advice. After taking Cardui according to directions, I now feel like a new woman, and can do all of my work.

Before taking Cardui, I was a walking skeleton; now I weigh 150 pounds. I recommend Cardui to every suffering woman, for I know what it did for me. My dresser is never without a bottle of Cardui on it."

There is no reason why Cardui won't help you, just as it has Mrs. Eads, as well as hundreds of thousands of other women in the past 50 years. So if you suffer from any of the many ailments so common to women, or need a good strengthening tonic for that tired, nervous, worn-out feeling, get a bottle of Cardui today. At all druggists. NCB7

HEAVY RAINFALL RESULTED IN CONSIDERABLE DAMAGE

Flood so Great That North Side Pumping Station is Shut Down—Many Fields Submerged—Rainfall Measures Nearly Three Inches.

The damage throughout the city caused by the storm Thursday night was widespread and according to the record of G. H. Hall of Alexander, 2 5-6 inches of rain fell between noon Thursday and 6 o'clock Friday morning. Fortunately there was no wind accompanying the storm, and the damage was mainly from water. The lightning played havoc on Finlay street where it struck in three places all within three hundred feet of each other. A bolt struck the barn of James Ranson and tore off some shingles and knocked out one of the gable ends. From the barn the bolt went to the electric light wires and burned out all but one fuse in the house. A bolt struck the barn of Mrs. Mary Laurie on the same street and also struck the chicken house of Walter McCormick next door to Mrs. Laurie. The damage to Mrs. Laurie's barn was slight while no particular damage was done to the chicken house.

At the north end city wells the water reached the top of the foundations in the three middle wells and all machinery was shut down. It nearly reached the top of the embankment on the large receiving cistern. The drainage ditch helped some but could not carry such a vast amount of water. The pathway which had been built across the pond from the main pumping station to the wells was completely submerged. Water was running over this pathway at 3 o'clock Friday afternoon. The pathway was badly washed but the employees could still use it, though it had to be used with care. It is not thought that any of the overflow went into the wells. Not much inconvenience was experienced at the south end pumping station.

Water completely submerged the old Broadwell pasture between South Church and South West streets and overflowed the yards of residents living close to the brook. O. H. Spaulding lost two young bull pups which he had in a shed in the back yard of his residence on South Church street. When the water rose the animals were unable to get out and were drowned. Mrs. John Lanning of South Church street lost sixty young chickens by drowning.

A pasture belonging to Edward Kitcher facing on Hardin avenue just north of Rount street was submerged all but a small piece in the north west corner. A cow in the pasture occupied this point of land. The new state aid road also is reported to be damaged. On North Main street the water flowed over the macadam road which was laid last year between the end of the North Main street pavement and the bridge over the Maudslayi creek. At D. G. Claus' store on the corner of East College street and South Clay avenue the cellar filled up with water. It seems that Mr. Claus was having some plumbing done and it is probable that the damage was done by surface water. In every part of the city can be seen the signs of damage caused by water backing up as the sewerage was inadequate to carry off the immense amount of water that fell.

Andre & Andre, Hillier's, Deppe & Co., and many other stores had water in their cellars and some damage was done to stocks stored in cellars. In a number of instances the water flowed in because of the openings made along the curbing for the boulevard light cable.

Quite a great deal of damage has been done on land adjoining creeks by washing out corn. In other fields not well tiled the water is standing to such depth that the necessity of replanting is certain. The excess of water was such in a number of localities that wheat and oats were damaged.

State of Illinois,

Morgan County.
In Circuit Court, November Term, A. D. 1915.

F. M. Coard, vs. Sarah M. Jaques, attachment.
Public notice is hereby given to the said Sarah M. Jaques that a writ of attachment issued out of the office of the Clerk of the Circuit Court of Morgan county, Illinois, dated the 8th day of June, 1915, at the suit of the said above named plaintiff, F. M. Coard, and against the lands, goods, chattels, rights, moneys, credits and effects of the said defendant, Sarah M. Jaques, for the sum of One Hundred Twenty-Two and 20-100 (\$122.20) Dollars, directed to the Sheriff of Morgan County, Illinois, to execute.

Now, therefore, unless you, the said defendant, Sarah M. Jaques, shall personally be and appear before the said Circuit Court of Morgan County, Illinois, on or before the first day of the next November Term thereof, to be held at the Court house in the City of Jacksonville, in Morgan County, Illinois, on the second Monday of November, 1915, give bail and plead to the plaintiff's action, judgment will be rendered against you and in favor of the said plaintiff, F. M. Coard, and so much of the lands, goods, chattels, rights, money, credits and effects attached as may be sufficient to satisfy said judgment and costs will be sold to satisfy the same.
Eugene D. Pratt, Clerk.
J. O. Priest, Attorney for Plaintiff.

WILL HAVE NEW SALESROOM.
Amos Kellogg and William Fairlee, agents of the Metz automobile have rented the building of John Van Os on South Sandy street, formerly occupied by the Grand Laundry and it is being remodelled for a salesroom. A large door is being placed in the room in the rear and the cars will be brought in from that way. The work of remodeling is being done by John Wolke.

NEW BOOKS AT THE PUBLIC LIBRARY.

Practical Books.

"Service is one of the ways by which a tiny insect like one of us can get a purchase on the whole universe. If he finds the job where he can be of use, he is hitched to the star of the world, and moves with it."—Richard C. Cabot in the Atlantic.

Lougheed and Hall—The Gasoline Automobile.
Maddocks and Wilby—The Pure Food Cook Book.

Reehl—Problems in Carpentry.

Biography.
"Of all pleasures none is so satisfying as the full enjoyment of our common humanity."—Henry Dwight Sedgwick.

Pickley—J. M. Synge.
Cellingood—Life and Letters of Lewis Carroll.

Dunbar, Mrs.—Paul Lawrence Dunbar, Poet Laureate of the Negro Race.

Miscellaneous.
James—Transatlantic Sketches.
Lang—Modern Mythology.

Forsterman—Who Built the Panama Canal.

Regular Fiction.

Reade—Put Yourself in His Place.
"A novel of purpose, pleading for sympathy, in place of hostility between capital and labor. It is also worked into harmony with the love interest, incident, and poetry all worked into harmony with the plot."

Trollope—Madermots of Ballycloran.

Rent Fiction.

Chamberlain—Through Stained Glass.

"Interesting and unusual for the sophisticated reader."

Lincoln—C. O. D. "A mystery story."

Wale—Eternal resters. "No body has written a book like this before about China. It is the story of New China in transformation."

Vacation Privilege.

Library patrons, who are leaving town for a number of weeks, may take books to be kept for the vacation period, subject to recall at the library if needed. Seven day books are excepted.

All library patrons may have regular two week books for four weeks provided they ask to have them stamped that way when they take them out.

A PAIR OF BLUE EYES.

(By a fair co-ed.)
I was a young man at college,
Seeking for honor and prize;
But one day my study was broken
By a pair of laughing blue eyes.

Vainly I strove to recover,
My thoughts wandering far from the book;
Vainly, indeed, did I struggle
To erase from mind's eye that look.

That face seemed always before me,
Fair and sunny as summer skies;
Ever illumined and brightened
By a pair of laughing blue eyes.

'Twas the face of my sweetheart,
Bunny;
Loving and gentle and wise.
Happy was I when beside her,
Looking into her laughing blue eyes.

But one day those eyes ceased laugh-
ing,
And turned to a steely blue,
While my brown ones were dark with
anger;
A chasm between us grew.

But ere long I was sad and repentant,
And my heart became heavy with
sighs;
I found that my life's bliss depended
On a pair of laughing blue eyes.

So I went to my blue-eyed sweet-
heart;
Humbly craved her pardon for
blame;
My entreaty she graciously granted,
And consented to take my name.

So now we have taken each other,
And are happy beyond a surmise;
Our love is sublime and I have her
for mine.

And her pair of laughing blue eyes.
And as in the world's great conflict
I seek to be famous and wise
I am aided and cheered on life's
pathway
By a pair of laughing blue eyes.

And if I am homesick or weary,
My heart well nigh bursting with
sighs,
I am cheered when I think of my
dear,
And her pair of laughing blue eyes.

So no matter how the world serves me;
No matter how fast time flies;
Nothing matters to me while beside
me
I've a pair of laughing blue eyes.

LATONIA DERBY TOMORROW
Latonia, Ky., June 11.—The real test of the champion three-year-olds of 1915, which will determine the star that will attain greatest prominence this season, comes tomorrow in the Latonia Derby. Stars of the first magnitude are among the eligibles for honors. The unbeaten Regret, with the great jockey J. Notter in the saddle, is a sure starter in the mile and a half classic. Other clever winners are Pif, Jr., Dorsch, Rancher, Royal H. Ed. Crump, Leo Ray and Goldcrest Boy. The first time the race was run under the name of the Latonia Derby was in 1887, when Libretto beat out Jim Gore and Montrose. The distance has always been a mile and a half, like the English Derby at Epsom Downs, and it takes a three year old of endurance as well as of speed to win this event. The Latonia Derby is the final of the trio of great stakes run off on the Kentucky circuit tracks this season, and is valued at \$15,000.

MATT STARR ROST PASSES RESOLUTION ON MEMORIAL DAY

At a meeting of the G. A. R. Post held Friday night, the following resolutions were presented and adopted:

Resolved that, Matt Starr Post, 378, G. A. R. of this city through the committee of arrangements for Memorial Day, May 31st, ult., desires hereby to express its gratification, appreciation and thanks to all citizens and organizations who contributed toward making the day and occasion pleasant and successful.

To the throngs who were present at the exercises in the church, and later at the Cemetery; particularly to the Hon. Mayor and Municipal officials who generously assumed the responsibility of raising the funds to defray the expenses of the day; to all who contributed flowers to decorate the soldiers' graves in the three cemeteries of the city; to the State Institutions which provided vehicles for the passage of the Ladies' Relief Corps and the transfer of flowers, to the cemeteries; and to the private citizens for the use of autos and other vehicles for the various uses during the day; to the Chamber of Commerce whose secretary, Mr. Carl Weber rendered efficient service; to the Daily Press for numerous favors in its columns; to the Ladies of the Relief Corps for their unselfish labors connected with the occasion; to the Trustees of Centenary M. E. church for the use of the auditorium room for the afternoon exercises; to all who took part in the program of exercises at the church; and to all others who by their presence or in any other way contributed toward making the day successful and memorable. The glorious weather met with a response from the people, and probably on no past similar occasion were the citizens out in such numbers.

By order of the Committee of Arrangement:
W. H. Jordan, chairman,
C. R. Taylor,
J. W. Melton, Secretary.

**MRS. MEANY HAS
IMPORTANT POSITION**

Denver papers announce the appointment of Mrs. Kathryn Meany as chief clerk of the board of charities and corrections there. Mrs. Meany is a daughter of the late Jeremiah Collins who resided a few miles west of Jacksonville. Twenty-two years ago she became the wife of John J. Meany of this city and for the past twelve years they have been residents of Denver. Mrs. Meany is widely known in Denver where she is a member of the social welfare club and the Democratic state central committee and has won very favorable comment for her business ability. Prior to her appointment to the present responsible position Mrs. Meany served as cashier in the office of the treasurer of the charities and corrections board.

NOTICE OF FINAL SETTLEMENT.
In the matter of the estate of Etta Wells, deceased.
Notice is hereby given that I, the undersigned administrator of the estate of Etta Wells, deceased, have caused my final report and account as such administrator to be placed on file in the office of the clerk of the county court of Morgan county, and that I shall apply to said court on Monday, the 28th day of June, A. D. 1915, at 9 o'clock a. m. of that day, or as soon thereafter as I can be heard, for an order of approval of said report and account, and for my final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.
Frank J. Heintz,
Administrator.

SAINT-SAENS, 80 YEARS OLD.
CONDUCTS AT FRISCO
San Francisco, June 11.—A notable event in the American musical world is the visit of Camille Saint-Saens, one of the greatest composers of the world, who has come to the San Francisco Exposition to conduct several concerts, wherein some of his own great works will be produced. Although 80 years old, he made the trip from Paris especially to greet American musicians. During the next two weeks, the great composer will be the center of interest here. He will conduct at least four concerts, and will undoubtedly play one of his own concertos.

One of the surprises that he has brought with him is a special composition of tribute to America and the Exposition. It is said to be a great work, and the composer is reported to be pleased with the rehearsal of it. It is said he has interwoven the arcellaise and the Star Spangled Banner, has paid tribute to the completion of the Panama Canal, which was begun years ago by his fellow-countryman, De Lesseps, and that part of his theme deals with man's mighty struggle with Nature and his victories ever drifting westward.

**NOTABLE AT JERSEY
BAR MEETING**
Atlantic City, N. J., June 11.—Many lawyers prominent in national affairs are attending the annual meeting of the New Jersey Bar association. Among the speakers on the program for today and tomorrow are Secretary of War Garrison, Governor Fielder, Former Secretary of State Knox, former U. S. Judge George R. Gray of Delaware, and Federal Judge Buffington of Pennsylvania. Many New Jersey judges are attending the meeting, which aims to expedite the administration of justice in the state and do away with long-drawn-out postponements.

PROBATE COURT.
In the estate of J. T. Smith, the inventory filed has been approved.
In the estate of W. H. Brainer, the inventory filed by executor was approved.

Round the Corner--

The New Shape Sailor Straw.
Just introduced in New York City by Truly Warner, the Hat King; and it is also introduced in our store---See It in Our Window.

WEST SIDE SQUARE.

COMMENCEMENTS

West Point, N. Y., June 11.—The class of 1915 of the U. S. Military Academy will be graduated tomorrow morning when Secretary of War Lindley M. Garrison will hand diplomas to the largest class West Point has graduated in a century. There are 164 cadets in the class.

Providence, R. I., June 11.—The 147th commencement week at Brown University opens tomorrow, when the alumnae of the Women's College will hold their reunion. President Faunce will deliver the Baccalaureate on Sunday. Class day is on Monday, and the procession and commencement exercises will be held on Wednesday.

Worcester, Mass., June 11.—Commencement week at Clark College opens tomorrow with Alumni reunions. Rev. Dr. George L. Hanson of Worcester will preach the baccalaureate sermon on Sunday. Class day is Wednesday, and the commencement exercises are set for Thursday. The Clark University commencement is held in conjunction with that of the college.

New Wilmington, Pa., June 11.—The 61st commencement of Westminster College opened yesterday with a reception of President and Mrs. Russell to the Senior Class. Tomorrow is Alumni Day, when the remodeled Science Hall will be dedicated. Tuesday will be commencement day with Bishop Joseph P. Borry of Philadelphia as orator.

Jamestown, N. D., June 11.—Commencement week at Jamestown college began today, and many interesting events have attracted a large gathering at the college. The commencement exercises will be held on June 17, Rev. Frederick L. Seiden of Chicago being commencement orator.

Beaver Falls, Pa., June 11.—Geneva College held its 67th annual commencement this morning, graduating thirty young men and women. Dean Charles R. Brown of Yale University School of Religion and Rev. Henry George, president of the college, were the principal speakers.

Princeton, N. J., June 11.—The commencement program at Princeton University gets under way today with a golf match between the grads and undergraduates and the performance of the Greek tragedy, "Iphigenia in Tauris" in the Palmer Stadium. The Yale-Princeton baseball game and a performance of "The Trojan Women" at the stadium will hold the center of interest tomorrow. On Sunday, Pres. John Grier Hibben of the University will deliver the baccalaureate address. On Monday the class day and society functions will be held, and on Tuesday the commencement exercises will take place.

**AUDITING BOARD OF
EDUCATION BOOKS**
In accordance with action taken at the meeting of the Board of Education Monday night R. A. Gates has been engaged to make an audit of the books of the board. Mr. Gates began work Friday and the audit will extend from May 1, 1912 to May 1, 1915. Mr. Gates has a wide reputation as an auditor.

THE HESSIAN FLY

Long years ago—'twas when our sires struck for their altars and their fires, and Washington, that genius rare, had double-crossed the Delaware, King George was short of fighting men, so he went hiring Hessians then. The Hessians, when they went to sea, to reach this country of the free, took straw aboard, and spread it deep, and on that straw they used to sleep. And in the straw the Hessian flies laid their eggs, dad bust their eyes. And thus into the fertile west was brought the worst and fiercest pest that ever made the farmers swear and chew their whiskers in despair. Year after year the Hessian fly camps in the wheat fields and the rye, performs its loathsome task in haste, and lays the smiling acres waste. The damage wrought since first it came would knock a statistician lame. The wheat it's killed in all those years would fatten both the hemispheres, and fill a million bins and cribs, or gents who know are telling fibs. Thus war brings curses in its train, aside from all the toll of slain. War is a nuisance and a frost; no man can ever count its cost.

MISREPRESENTATION

I bought a pound of yellow cheese, the other day, from Grocer Wheeze. And as he wraped it up he cried, "In this fine cheese I take much pride. It's made from Jersey cream and milk, and you will find it fine as silk; it's absolutely pure and clean, contains no dyes or gasolene, it's rich and sweet, without a taint, doggone my buttons it it ain't. Oh, it will chase away your woe, and make your hair and whiskers grow." I took it home with eager feet, impatient to sit down and eat, for I am fond of high class cheese, which with my inner works agrees. But that blamed stuff was rank and strong, for it had been on earth too long. My wife, a good and patient soul, remarked, "Bring me a ten-foot pole, before you do your other chores, and I will take that cheese out doozs. Before it's fit for human grub we'll have to stun it with a club." What does a sawed-off grocer gain by such a trick, unsafe, insane? And what does any merchant make by boosting some atrocious fake? Yet every day we're buying junk which proves inferior and punk, although it's praised to beat the band; such chaps are hard to understand.

YANKS BEAT SEVEN RUN LEAD; DOWN SOX

TAKE ADVANTAGE OF ROWLAND'S RESERVES

New York Wins in Eighth Inning on Boone's Triple and Nunamaker's Sacrifice Fly—Cleveland Defeats Philadelphia.

New York, June 11.—New York overcame a seven run lead and defeated Chicago after Manager Rowland started to put in his reserves. The Yankees won in the eighth inning on Boone's triple and Nunamaker's sacrifice fly.

The feature of the game was Caldwell's home run, driving in two men ahead of him and tying the score in the sixth.

Cincinnati 1; Brooklyn 0.
Cincinnati, O., June 11.—Appleton and Benton pitched almost record ball here today going fourteen innings without a run crossing the plate. The former weakened slightly in the fifteenth however, and Cincinnati was returned a winner 1 to 0.

Herzog singled in the fifteenth, Herzog threw Killifer's ball to second too late to catch the Cincinnati manager. Groh fled out but Herzog came trotting home when Griffith sent a smashing double to right.

ECONOMIC SITUATION GROWS STEADILY STRONGER SAYS DUN'S

International Uncertainties are Still a Resisting Influence, Yet Constructive Forces Multiply.

New York, June 11.—Dun's tomorrow will say:

"While general business gains but slowly, the economic situation grows steadily stronger. International uncertainties are still a restraining influence, yet constructive forces multiply and the absence of speculative excess is helpful to sustained progress. Much the best feature of the week was the government grain report which indicated bumper harvest of both wheat and oats, as well as big yields of the other cereals. To the nation at large agricultural success means more than any one can calculate and since the prosperity of the railroads is materially affected by the size of the crops to be moved the official forecast is obviously a most encouraging factor. Because of it optimism in the west increases and confidence everywhere strengthens, especially as the marketing of the great staples will involve no financial strain."

"MORNING GLANCES" (By Gosh)

Brooklyn and Cincinnati played a fifteen inning game yesterday. Cincinnati won by a score of 1 to 0.

Baltimore in the Federals beat Buffalo by a score of 5 to 2. Quinn pitched steady ball for the winners.

Peckinpaugh and Caldwell each hit for the circuit. Boone's triple and Nunamaker's sacrifice fly in the eighth won for the Yanks.

Morton pitching for Cleveland not only pitched great ball but won his own game with a double. He held the Athletics to two hits.

The Giants beat the Cardinals yesterday by a score of 3 to 2. Christy Mathewson was the Giant's twirler. In addition to pitching good ball he scored one of the Giant's three runs.

Benton and Appleton had a great pitcher's duel in the Red-Dodger game. Both went the full route, fourteen innings. Appleton weakened in the fifteenth and the Reds shoved a run over.

The Red Sox downed the Tigers again Friday so Chicago did not lose anything by being beat by New York. Dauss went in for the third time in the present series but could not stop the Red Sox. The final score was 4 to 3.

Washington which has been winning for several days was stopped by St. Louis Friday. St. Louis hit Gallia hard and won five to one. James held Washington to five hits.

Newark swamped Brooklyn in the sixth and seventh innings making ten runs. The final score was 12 to 2. Up to the sixth the game was close, each team having two runs.

Chicago finally stopped Kansas City. After being beat 1 to 0 until the ninth Chicago rallied and won by hits by Zwilling, Tinker and Wilson scored four runs, winning the game. Incidentally they beat Chief Johnson who has been pitching such good ball for Kansas City.

Despite the fact that they made twelve hits to New York's ten the White Sox lost yesterday by a score of 10 to 9. Caldwell batting for Chewert in the sixth drove in two runs with a home run. The Yanks nicked Faber for eight hits in five and one-third innings.

The Cubs knocked the Phillies from first place yesterday when they won 2 to 0. Humphries pitched great ball for the Cubs allowing but three hits. Demaree and Rixey pitched good ball for Philadelphia holding the Cubs to five hits. Fisher, however, made two doubles and one run which was enough to beat the Phillies.

PITTSBURGH DEFEAT SPRINGFIELD
Springfield, Ill., June 11.—The Pittsburgh Federal League team defeated the Springfield Independents here in an exhibition game this afternoon 5 to 0.

Score: R. H. E.
Pittsburgh . . . 000 102 002—5 12 3
Springfield . . . 000 000 000—0 2 0

Batteries—Rogge and Berry; Kopp and Ford.

GRADUATING EXERCISES AT
PASSAVANT HOSPITAL
Next Thursday, the 17th, the graduating exercises of nurses of the training school at Passavant hospital will take place beginning at eight p. m. A diploma from this institution means a great deal as it is accredited and is inspected by the state authorities and is duly registered as a nurses' training school. The graduates will be Misses Clytie Andrews, Alice Wales, Elizabeth Ann Whitler, Della Edna Davis, Ruth Rebecca Stadler and Gladys Maurine Knopp.

NEW ORLEANS MAGNATES FIGHT JITNEYS

New Orleans, La., June 11.—A unique method of fighting the jitney bus service has been inaugurated here. The street railway magnates threaten to discharge any employee who allows any member of his family to patronize the jitneys. Some of the owners of department stores who are also heavily interested in the electric railways have ordered their employees not to use the jitneys.

FRISCO WOMEN TAKE TEST FOR "COPETTES"

San Francisco, June 11.—A group of 100 of Frisco's fair sex are undergoing the "third degree" of the civil service, to find out who will get the three "copette" positions. The lady cops must be between 30 and 44, and the three who received the temporary appointments are competing with the others in an effort to retain their jobs.

Brief News Close to Home

Finds Pearl in Oyster—Mrs. H. L. Robb of Mercedosa, while on a visit to her sisters, Mrs. Lewis and Henry Kallash in Mt. Sterling, discovered a perfectly formed pearl in some oysters she was eating. She took it to W. J. Young, the jeweler, who purchased it for \$50. It was about the size of a small shoe button, but is said to be a perfect specimen and very clear.

Son Was Drowned—Charles Moore, aged 17 years, son of Mr. and Mrs. Joseph Moore of three miles southeast of Panama, was drowned in the Panama city waterworks reservoir.

Left Hand Drummer—A monument costing \$25,000, erected in the court house yard in Geneva in honor of the memory of the sailors and soldiers of Kane county, has a figure of a left-handed drummer. The discovery has created a stir, as no soldier of the county remembers meeting a left-handed drummer. Frank Joslyn of Elgin, chairman of the committee of supervisors, who had charge of buying the monument, is trying to find a soldier who will make an affidavit that he once saw a left-handed drummer.

Gets 3,300 Voltage—Thomas Powell, an electrical worker at the Peabody mine at Nokomis, came in contact with a live wire while at work at the mine and 3,300 voltage of electricity passed through his body, seriously burning him about the chest, face, arms and hands. He was taken to the Huber Memorial hospital in Panama, where he is reported to be in a serious condition.

Counterfeiters at Work—Secret service men of Chicago have been informed of a clever trook who has been getting real currency by use of "four dollar" bills, cashed in Quabbin recently.

The unique counterfeits were all "raised" from \$1 bills and six of them are said to have been cashed from time to time.

New Gymnasium—The breaking of the ground for the new college gymnasium at Eureka took place with impressive ceremonies this afternoon. There were addresses by Dr. N. B. Crawford, representing the trustees; Prof. B. J. Radford, the alumni; Thomas O'Neal, the faculty, and Mayor D. H. Bedinger, the city.

Elected Superintendent—A. W. Niedermeyer, principal of the Greenville, Ill., High school for the past year, has been elected to the superintendency of the schools in Greenville at an increased salary. The town is a thriving one, with a population of about 3,500, and is the county seat of Bond county. It is in the center of the dairy district, and besides its public schools, claims a university, a Free Methodist institution.

Postal Office Closed—The Postal Telegraph office which has been conducted in Effingham for many years was closed and discontinued recently on account of the Elks lodge buying the Grand Central hotel, in which the telegraph office has been located. Clifford Clough of Vandalia, who has had charge of the office, has been transferred to Edwardsville.

PASSAVANT NOTES.

Mrs. George Dyer of Hillview was in the city Friday to see her daughter Ruby Newman who is a patient there.

Mrs. W. H. Parish who has been a patient at the hospital was able to return home yesterday.

Mr. Leahr of Chambersburg visited his sister Pearl at the hospital yesterday.

Ruth Bradley who underwent an operation for appendicitis is getting along nicely.

Oliver Carter of Greenfield is a patient at the hospital. Mr. Hill of that place was to see him Friday.

George Garrison, son of Dr. W. H. Harrison of Pearl, who underwent an operation at the hospital was able to return home Friday.

Mrs. W. Miner, Mrs. E. Miner, Mrs. G. Woodrum, Mrs. Lola Epperly, Mrs. C. DePew of Tallula, and Mrs. L. Parson of Ashland were visitors at the hospital Friday to see A. Wood.

Mrs. Lizzie Hoffman who has been a patient for the past five

Goes to Arnold—L. E. Hancock, who has been a faithful employee of the Wabash railroad for several years as an operator on one of the trucks at this station, has been promoted to position of station agent at Arnold, east of Jacksonville. He will occupy the living rooms provided in the depot for the family of the agent.

Make Roads Smaller—Elkhart farmers have taken a step along the line of better farming by having the roads of the township reduced in width from sixty-five and seventy feet to a uniform width of forty feet. The strip along the sides of the road are now being fenced in and will be cultivated. Elkhart is the first township to take such a step.

Hawk Bold Bandit—The hawk is a bold bandit, but the crow is a common chicken thief. From all over Macon county come reports of the depredations of the crows upon young chickens. The prospective supply of fries for the fall food festivals so popular hereabouts is being rapidly diminished by this black thief of the woods and the matter becomes of most serious moment to every man, woman and child in the county.

Pasture High Price—Pasturing a cow on the public highway came high in price to a Bureau county farmer recently. It cost him \$500 damages, he being sued by a man who was injured by running into the animal while driving along in the dark.

Engineer Killed—Wm. Cato, Southern railway engineer, was killed when a side rod of his engine broke and crashed through the cab at Mt. Vernon. Fireman C. Summers was hurt. Their homes are Princeton, Indiana.

Prisoners Recaptured—Two prisoners in the Greene county jail made their escape (Wednesday afternoon about three o'clock. Sheriff Edwards upon ascertaining the delivery sent at once to Springfield, and Ivan Shelton, employed by H. G. Strumpher's bloodhound kennels arrived in Carrollton with his dogs about nine o'clock Thursday night, trailing the fugitives to Jerseyville, where they were captured at 1:30 this morning by the sheriff who followed the hounds.

Released on Bond—Dan Hurley, Jr., of Lincoln, was at liberty this afternoon for the first time since his arrest the first of May, charged with the murder by poison of his sweetheart, Katherine Roller, of Broadwell.

By agreement of attorneys and the court the youth was released on bond of \$25,000, with his father, Dan Hurley, Sr., J. Edward Miller, M. Coogan and George Corwin as sureties.

Major Elect'd Chief—Major A. T. Tourtellot of the 8th Regiment, I. N. G., was elected chief of police of Dixon, under the commission form of government. This is a new office created by the commission. Commissioner of Health and Safety Van Bibber has been acting in that capacity.

ON A WISCONSIN FARM.

O. G. Bentley, formerly of Jacksonville, has rented the farm of Julian W. Hall near Wausaukee, Wis., and will have sixty-five acres in crops this season. The place he is farming is in a part of Marinette county, Wis., which has been settled very rapidly during the past few years by former Illinois people. The Marinette County Agricultural school, Marinette, Wis., will co-operate with Mr. Bentley in getting the best results in his farming work.

FINE CLOVER SAMPLE.

In the office of the Farmers' Bank & Trust Co. hangs a bunch of clover raised by George Blair at his home on Hardin avenue. The stems are nearly four feet long and yet not very coarse and will make fine hay. At the same place is a sample of this season's sweet clover, more than a foot long and raised on the farm of J. A. Hemmrough who has some forty acres of this crop.

OBTAIN BEST VALUES FOR CERTAIN SUM

SELECTION OF CLOTHING IMPORTANT ITEM.

Purpose for Which Garment Is to Be Used Should Also Influence Its Selection—Living in Age of When Personal Influence Counts for a Great Deal.

(By Georgia E. Fleming, Household Science Department, University of Illinois.—Article II.)

In our first article we discussed the subject of adapting the income to one's need.

Opportunity to obtain the best value for a given sum is offered in many bargain sales. The popular "January white sales" enable us to purchase ready-made underwear very reasonably.

These bargains are really bargains for cotton does not deteriorate readily, and even though the clothing is a little soiled, we can afford to take advantage of the sales. It is much more satisfactory and economical to buy good plain underwear trimmed perhaps with a few tucks or firm embroidery. It wears well and looks better for a much longer time than that on which

there is an abundance of cheap lace or coarse open work embroidery. Besides, being very uneconomical, the latter is in very poor taste. For home made underwear it pays to buy good muslin at ten to fifteen cents a yard or the more expensive cambric, and for swimming to use a good narrow cotton or linen torchon lace. Perhaps one prefers the narrow scalloped tape edge, for it is strong and launders well. The trimming should wear as long as the material from which the garment is made.

The purpose for which the garment is to be used should also influence its selection. If we are to include in our wardrobe one suit to be used for church, calling and reception, and possibly one silk dress for combined afternoon and evening wear, then we would not select the same kind as though we were to have a separate suit for each of these occasions, and could buy several dresses.

The character of our occupation, also, is a factor determining our selection. A business woman requires more street clothes and fewer house dresses than does the housekeeper. The teacher or office woman needs a suit for business wear, coats for stormy and rainy days, more waists and hats, with perhaps one or two dresses for the occasional evening entertainment. The housewife, of course, must have washable dresses

to wear in her kitchen, for she no longer wears her discarded woollen skirts where they absorb all the cooking odors.

The age of the person also influences the character of the materials used in clothing. It is always a question whether or not it is true economy to buy cheaper materials which do not wear so long as to purchase the more durable though more expensive fabrics. Some mothers do consider it more satisfactory to buy for their children's clothes the prettily designed cheaper goods, since they are outgrown in so short a time. Materials should be selected, however, which will launder well, and from this standpoint white is always satisfactory. The dirt does show, but the ugly, faded appearance is overcome. In the making of children's clothes allowance for growth should be considered; the use of tucks and hems put in by a loose machine stitch or by hand are both suggestions.

For infants' clothing, softness, plainness and simplicity should be emphasized. The garments should be easy to slip on, and as few fastenings as possible are best. It does not pay to use drawn work and much hem-stitching for the every day slips, because they do not wash well and the ability to launder easily and often should be a requisite of the clothes for the child of any age. The same simplicity of construction

should be observed in the larger children's clothes. Previous to 1780 children were dressed in the same fashion as their parents and not until health promoters recognized that corsets, hats, velvets and silks were not healthful for them did the style change. Their clothing should not restrict the body in any place, else its normal development does not result. The popular romper suits are a satisfactory solution of the sensible dress for play. For older girls the use of bloomers which match the material used in the dress obviates the use of petticoats and the white underwear which is often too conspicuous.

ZION NEIGHBORHOOD.

Mrs. Mary F. Gunn of Morrisonville spent Wednesday with her friend, Mrs. Mary A. Gunn.

Bryan Sheppard and Miss Lyndal Rea called on Mr. and Mrs. Wiley Gunn Wednesday night.

Mrs. C. T. Daniels of Murrayville entertained at supper Wednesday night; Rev. and Mrs. Biddle and family, and Mrs. Mary F. Gunn of Morrisonville, Rev. and Mrs. C. S. McCullom, Mrs. Ella Kyle, Miss Lula Poste of Murrayville and Mrs. Mary A. Gunn of "The Prairie."

Those from here who attended the funeral of Rev. Fr. William J. Healey of Murrayville Tuesday were Mr. and Mrs. Frank Loneragan, Mr. Wm. Corbett, Mrs. Richard Loneragan and daughter, Mr. and Mrs. John Langdon and family, Mr. and Mrs. Mike Loneragan, Mrs. Mary A. Gunn, Mr. John Osborn, Mr. and Mrs. John Flynn, Mr. and Mrs. James Gibson, Mr. and Mrs. John Maloney and family and Ivalon Gibson.

Mrs. Wiley Gunn and Mrs. Mary Gunn visited friends near Manchester Thursday and Friday.

Mrs. James Gibson called on Mrs. Geo. Atkinson and Mrs. Catherine McGrath.

Mrs. Lamb and daughter, Amelia were calling on friends on this route Wednesday afternoon.

Roy Covington called on James Gibson's Friday morning.

James Brown of Jacksonville and Mr. Wiley Wright of Murrayville made a business call at James Gibson's Wednesday morning.

This vicinity was visited by a heavy rain Thursday afternoon and night, causing the creeks and branches to overflow. There were also considerable lightning, wind and hail.

Read the Journal: 10c a week.

Trying to Sugar-Coat the Worst Bill in the Legislature.

ADVOCATES of the 50-car freight train limit bill have abandoned their contention that freight trains of more than 50 cars are unsafe. They are now trying to push through the legislature, at the eleventh hour, an amended bill to limit the length of freight trains to 75 cars.

This is a crafty attempt to befog the question at issue. It is an attempt to disguise a viciously bad bill with a pretense of "compromise."

Deserves the Fate of the 50-Car Bill

When the people of Illinois learned the full meaning of the 50 car limit bill, its passage became impossible. Aroused public opinion killed it for four good reasons, namely:

1. Because it was viciously wrong in principle and wrong in purpose.
2. Because it would have destroyed the investment of millions of dollars laid out to improve railway service in Illinois.
3. Because it would have added \$7,000,000 a year to the cost of railway transportation in Illinois by adding unnecessary railway jobs and equipment.
4. Because it would have increased accidents of all kinds on the railways of Illinois.

These reasons stand on the same sound footing against limitation of freight train length to 75 cars

Shown to Be Wrong But Won't Give Up

In proposing this "compromise," the advocates of a train-limit law are as much as saying to the people of Illinois:

"We were wrong when we told you our 50-car bill was a 'safety measure' to decrease accidents. You caught us trying to 'put over' something.

"But we want to make the railways employ more men, whether needed or not. If you won't stand for having \$7,000,000 a year added to the cost of transportation, we'll make you stand for something less. We are going to make this bill look like 'a fair compromise' and force it down your throats whether you like it or not."

Cannot Stand the Light of Common Sense.

Every argument advanced for the 50-car limit bill was proved to be unsound. Every argument for a 75-car limit bill is equally unsound because the bills are alike in principle and in effect. These attempts to limit railway service by legislation have failed practically everywhere. They cannot stand up under the searchlight of common sense.

Other States Reject Train-Limit Bills

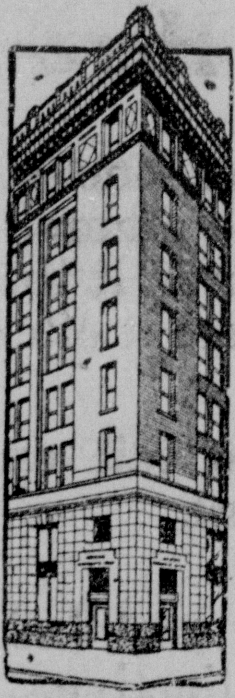

In forty states attempts have been made to limit the length of trains. All of these states, except Arizona, have thwarted these attempts. During this year, these arbitrary train limit bills—proposing limits varying from 30 cars to half a mile—have been up in nineteen state legislatures and have been passed in none. Investigation and calm deliberation always defeat them, because limiting length of trains would increase accidents and increase transportation costs.

Tell your representatives in the State Legislature that you are against this eleventh-hour attempt to revive a justly dead bad bill by pretending to offer a "compromise." There is no such thing as honest compromise with bad legislation.

(Signed) **The Railways of Illinois**

It is the only bank in Jacksonville in which the government deposits. We try to please. We give the same attention to small accounts that we do to large ones.

If you are not already a customer you are invited to become one. Ask any of our customers how they like the way we care for their business. We are willing to leave it to them.

**SCHOOL FOR DEAF
ALUMNI IN THE CITY**TRIENNIAL REUNION BRINGS
MANY FORMER STUDENTS.State Association Holding Convention
in Conjunction With Other Organi-
zation—Program of Exercises is of
Unusual Interest.

A notable gathering in Jacksonville at the State school for the deaf is that of the alumni association of the institution and the state association of the deaf. A fine body of men and women is assembled and the fraternal greetings after separation of greater or less time are very pleasant. The ties formed during their years at the school in this place are strong and at the same time tender and to get back to the old place at which they spent happy years acquiring such useful knowledge is a treat indeed.

One prime object of the state association is to secure friends for the education and maintenance of a home for infirm deaf mutes and good progress is being made in that direction.

Delegates and visitors were arriving during a good part of Friday and in the evening all gathered in the chapel for the first formal program. A great many hearty greetings were exchanged and all entered fully into the spirit of the occasion. Mr. Tilton presided with dignity and put all in good humor. Supt. Gillett welcomed the visitors and delegates on behalf of the institution. He spoke in a tender manner of the ties which bound them together and of the years they had spent in the school. He referred to his gifted father and paid a just tribute to his memory. He welcomed the young, the middle aged and the old and bade them make use of all they could find in the institution and have a rare good time.

Miss Frances Wood, head teacher, welcomed the gathering on behalf of the faculty and expressed her pleasure at seeing so many present and greeting many with whom she had been so pleasantly associated. Rev. Philip J. Hazenstab of Chicago responded on behalf of the state association expressing his great appreciation of the institution here in Jacksonville and the work it is doing. He told how much Superintendent Gillett was doing for them and the delightful time they were having. Wm. I. Tilton responded in a very happy manner on behalf of the alumni association and remarked that all would ever remember the school in which they had gained such useful knowledge and the officials who treated them so kindly. Prof. Spruitt also spoke, welcoming his former pupils and bidding them have the best time of their lives.

S. W. Nichols was recognized by Mr. Hazenstab and asked to say something to the gathering. He told of his experiences in China and Japan and of the schools and many features of those far away lands. On behalf of the press, the city and the people he bade the gathering welcome to the city.

The alumni association is fortunate in having for its president William I. Tilton of this city, a gentleman every way capable and efficient and ever alive to the welfare and interests of the organization and his fellow officers are also in earnest in making it a success. Superintendent Gillett is very generous in his hospitality and is doing all in his power to make the stay of the delegates pleasant. He tries to entertain all who are his guests and sees that they want for nothing he is able to supply.

For 23 years Rev. Philip J. Hazenstab has been a devoted minister of the gospel among the deaf in Chicago and is a rare man, cultivated, educated and refined, he is the embodiment of many Christian virtues and his presence at the gathering is very welcome.

Mrs. Frank Read, a graduate of 1862, is the oldest graduate present and bears her honors very meekly. She has good reason to be proud of the four sons who have reached the age of a credit to their parents. Mrs. Philip Smith of Chicago is back after an absence of 45 years. Other persons might be mentioned with propriety for the list of worthies is long and honorable.

The officers of the alumni association are:
President—William I. Tilton, Jacksonville.
First vice president—Mrs. A. J. Rodenberg, East St. Louis.
Second vice president—Mrs. J. H. Cloud, St. Louis.
Third vice president—Mrs. H. D. Sider, Jacksonville.
Secretary—Frank W. Schoeneman, Manitowish.

Treasurer—H. A. Molohon, Jacksonville.
The officers of the state association for the deaf are:
President—Rev. Philip J. Hazenstab, Chicago.
First vice president—H. A. Molohon, Jacksonville.
Second vice president—Miss Anna Roper, Afton.
Secretary—E. P. Cleary, Jacksonville.
Acting secretary—D. W. George, Jacksonville.
Treasurer—E. W. Heber, Springfield.

Secretary Schoeneman made the various announcements last night. The delegates are to be here till Monday. The program for today is:
9 a. m.—Moving picture entertainment at Scott's theater; sign language.
10 a. m.—Business meeting of the alumni association in the chapel.
2 p. m.—Business meeting of the state association.
4 p. m.—Baseball game between the Silent Athletic club of Chicago and the home I. S. D. team.
8 p. m.—Reception to visitors by the Gallaudet club.

After the formal exercises last evening a considerable time was spent socially by the visitors.
Those in Attendance.

Names and addresses of the visitors are as follows:
E. P. Cleary, Jacksonville; John Huff, Jacksonville; Florin Cleary, Chicago; Wm. McClean, Jacksonville; Mrs. McClean, Jacksonville; Alva Jeffords, Illinois; W. I. Tilton, Jacksonville; Geo. Calkins, Muncie; Mrs. Geo. Calkins, Muncie; and Mrs. John Arnot, South Bend, Ind.; Mrs. Alma Morehead, Hutsouville; Mark Bishop, Hudson; Arthur Maxwell, Charleston; Mr. and Mrs. Thomas J. **LIGHTNING STRIKES BARN
ON FARM OF CHARLES E. TAYLOR**

During the thunder storm of Thursday night lightning struck the barn on the premises of Charles E. Taylor, five miles northeast of Woodson. The corner of the barn was torn out and part of the roof. The family are of the opinion that the building was struck twice. A two year old horse inside the barn was rendered blind by the shock and unable to eat or drink and expected to die. A strange thing about the lightning was that it did not set the barn on fire.

Try Claus' Peaberry Coffee, 25c pound. Its fine.

WITH THE SICK.

Mrs. J. S. Langston, wife of the rector of Trinity church, is a patient at Passavant hospital.
Leo Boylan of Beardstown was in the city Friday to see his brother, Arch Boylan, who is a patient at Passavant hospital.
Mrs. Henry Day of 1673 North Diamond street who had the misfortune to sustain injuries by a fall last Wednesday, remains very ill.

**AWARD IOWA GRAND PRIZE FOR
AGRICULTURAL EXHIBIT AT FAIR**

SAN FRANCISCO, June 11—Jowa was awarded today to the grand prize for the state agricultural exhibit at the Panama-Pacific exposition and all but four of 289 individual exhibitors of Iowa received prizes or honorable mention for agricultural exhibits.
Individual exhibitors were awarded two medals of honor, thirteen gold medals, 85 silver medals, 161 bronze medals and 24 honorable mentions.

Illinois' uncompleted list of awards showed two medals of honor, 12 gold medals, 53 silver medals and 80 bronze medals for agricultural exhibits and one silver, two bronze and one honorable mention for educational displays.

Drink Claus' Famous Coffees.

McGRAW RELEASES McLEAN

AS RESULT OF FIGHT.
St. Louis, June 11—John J. McGraw, manager of the New York National club, announced tonight that the career of Catcher Lawrence (Larry) McLean with the Giants had ended. The announcement was made as the result of the fight early this morning in the lobby of a local hotel in which McGraw, McGraw, Dick Kinsella, scout for the Giants, and a dozen other men participating in which McLean is said to have been the aggressor.

DURBIN MISSIONARY SOCIETY OBSERVES 25TH. ANNIVERSARY

Profitable All-day Session Held at the Church—Miss Emma Kirby Presented Loving Cup.

The Foreign Missionary society of the Durbin Methodist Episcopal church have concluded the celebration of their 25th anniversary by exercise of an appropriate character. There was a large audience present and the services proved profitable in every way.

One of the interesting papers of the day was a history of the organization from its infancy by Miss Emma Kirby, who has been its president for that entire time. Because of her long and faithful service she was presented in behalf of the society, a beautiful loving cup, the presentation speech being made by Mrs. William Rawlings, to which Miss Kirby most graciously responded. The society has ever been faithful in its work and during its life has raised over \$1700 for the cause of missions. Mr. Samuel Darley is the only honorary member now belonging to the society, although at its early inception there were several honorary members. Among the charter members present were Mrs. John Rawlings, Misses Emma and Rachel Kirby, Samuel Darley, Mrs. Mary Jones, who was present but is not now a member of the organization.

The Franklin Auxiliary were guests of honor at the meeting. Music was given by a quartet composed of Mrs. Grace McDevitt, Mrs. Laura Shepherd, Mrs. Sarah Oxley and Mrs. Samuel Darley. Miss Zella Oxley sang a solo.

Mrs. Samuel Darley gave the address of welcome and the response was made by Mrs. William Rees of the Franklin auxiliary. Part of the morning exercises consisted of the graduation of a class from the King's Herald to the Standard Bearers and a class from the Light Bearers to the King's Heralds. Mrs. William McCormick had charge of the memorial exercises. Dinner was served at the noon hour to all the guests present. Rev. and Mrs. Vorkback of Franklin and Mrs. H. F. Cusick of Jacksonville were among the guests present.

F. J. WADDELL & CO.

MUCH CORN YET TO PLANT. Wm. Bourne, who resides north of the city, has 140 acres of corn yet to plant. The wet ground will keep him out of the field for a week yet.

WINCHESTER

Edward Tate of Port Townsend Washington arrived in Winchester Friday to visit with his aunt, Mrs. Nettie Cheatham.

On account of the electric lights being out of commission, because of the storm the choral concert has been postponed until Tuesday evening, June 15.

Misses Ruth Reeder and Bessie Coultas and Ernest Glossop expected to leave today for Normal, where they will attend the institute during the summer months. Misses Maude Moses and Freida Munze will attend an institute at Macomb.

Mrs. D. H. See arrived in the city Friday from Canton for a visit with relatives and friends.

Mr. and Mrs. Earl Nelson have returned from a two weeks' visit in Irving with her parents, Dr. and Mrs. Gibson.

Miss Marguerite Brengle who has been attending Northwestern university has returned home for the summer.

The heavy rains caused the levee to break adjoining the farm of A. P. Grout and he lost considerable of his alfalfa and wheat growing crops.

Theodore Bennett has returned to Canton.

Mrs. Mildred Bourne Franklin of Muskogee, Oklahoma is expected in Winchester today for a visit at the home of Mr. and Mrs. James Edmonds.

DON'T FORGET HERMAN'S GREAT SALE STARTS MONDAY MORNING.

IMPROVEMENT AT FIRE DEPARTMENT

Workmen were busy Friday making a change in the apparatus for hoisting hose into the drying tower at the fire department. Formerly the hose was hoisted by means of a windlass. This method required about fifteen minutes to hoist 500 feet of hose. Chief Hunt has had ropes installed and now 1,000 feet can be hoisted in a few minutes and all that is required to get it down is to release the ropes and let it fall.

Just received a new shipment of white hats in Panama, Hamps, Braid and Chips. All colors in ostrich pompons.

L. C. & R. E. HENRY.

SHIPPED CAR LOAD OF HORSES.

William Young shipped a car load of horses to East St. Louis Friday. The horses are intended for shipment to England to be used for army purposes.

L. L. Owen of 918 Diamond street is in Chicago on business for several days.

PLANS PERFECTED FOR LIGHTS TO BE TURNED ON MONDAY

Occasion in Connection With Flag Day Will Be a Parade.

As formerly announced the boulevard lights are to be turned on for the first time Monday night. As that is Flag day the occasion will have a double meaning.

It is planned to have a large parade which will commence at 7:30, leaving the court house and marching around the north side of the square, down East State street to the Pacific hotel and back to the square. Jeffries Band has donated their services for the occasion and it is expected to have in line, the D. O. K. K. Drill team, Company B. Illinois National guards, Modern Woodmen and members of the Woman's Relief Corps and of the Daughters of the American Revolution in automobiles. The southwest corner of the square will be roped off for the band concert and where McCarthy's Arabs will give their drill.

Capt. L. P. Owen has accepted the invitation of secretary Carl H. Webb to have Company B. in line and all members are requested to report. Notice to this effect was received Friday by Lieutenants Hunt and Hale.

Kneels for bargains in hats, caps and light underwear for summer.

WILL ATTEND NATIONAL CONVENTION

Mr. and Mrs. W. H. McCarthy, Mr. and Mrs. J. A. Munson and Louis A. Cain will leave today for Omaha, Neb., to attend the national convention of the Travelers Protective Association. Mr. and Mrs. McCarthy and Mr. and Mrs. Munson will be absent a week. Mr. Cain will go from Omaha to Denver, Colo., for a visit with his brother, Thomas, and from there will visit in Colorado Springs and Pueblo, Colo., before returning home.

HAD EYE REMOVED.

Melvin Robinson, the eleven year old son of Mr. and Mrs. S. R. Robinson of Hillview, had his left eye removed Friday at Passavant hospital by Dr. A. L. Adams. Ten days ago the lad was watching a baseball game at Pearl, when a ball struck him in the eye, causing a rupture of the eye ball.

ELECTED OFFICERS.

While the members of the Domestic Science club of Murreyville were in the city attending the federation meeting Thursday, they elected the following officers for the ensuing year:

President—Mrs. J. H. Dial.
Vice president—Mrs. Harry Strang.
Sec. and Treas.—Mrs. Cora Wright.

MANY ATTENDED FUNERAL SERVICES OF E. B. HARMON

Rev. M. L. Pontius Paid Dues to Deceased—Various Business Houses Closed During Hour of Service—Interment in Diamond Grove Cemetery.

Funeral services for the late Edgar B. Harmon were held from the family residence Friday afternoon at 2:30 o'clock. The Rev. Myron L. Pontius, pastor of Central Christian church, was in charge. Rev. Mr. Pontius paid a beautiful tribute to the deceased. The funeral was largely attended, all of the dry goods and millinery stores in the city closing during the services. Mr. Harmon was a prominent member of Lodge No. 682, B. P. O. E. and a large number of the members attended in a body.

Robert M. Hockenbush with Miss Carrie Dunlap as accompanist, gave one solo, "No Night There," by Danks.

The following are some of the thoughts expressed by the minister: "I am the resurrection and the life," John 11:25.

"The only real eulogy that may be pronounced over the body of any deceased person is the life lived. Mr. Harmon was an exemplary man; he possessed a strong, stalwart character; his business principles rested upon truth and right."

"The words of the text are the words of Jesus. Prior to his coming men thought death was the arch enemy of mankind. Jesus taught that death is a minister in that it relieves the soul from material limitations. Death is not cessation of life, it is merely an incident in unending life. It is 'entrance into the other room.' This text leads us into the doctrine of immortality. There are just four great cardinal arguments for the doctrines of the souls enduring."

First, the nature of the soul. We shrink from the doctrine of annihilation. The individual believes that there is within him the beating of the heart of hearts, the pulsation of the life that was not born to die. So far as scientists and philosophers are able to ascertain there is nothing to refute the statement that the soul of man is indestructible."

"Second, the primeval instincts of the soul. In our best moments we all believe that the soul is to find its permanent home in an eternal and spiritual realm. Many doubt that any normal human being has ever really doubted the doctrine of the soul's immortality. All peoples, however low and uncivilized, have some idea of a life beyond the grave."

"Third, the primeval revolution. Jesus said, I am the resurrection and the life. He that believeth in me though he were dead, yet shall he live and whosoever liveth and believeth in me shall never die. Let not your heart be troubled; you believe in God believe also in me; in my Father's house there are many mansions, if it were not so I would have told you. I go to prepare a place for you."

"Fourth, The Unfinished life. In nature each thing reaches a state of perfection before there is any arrestment of its development. But the human being, even though he may live past the three score and ten, knows that his life is unfinished. The brush falls from the hand of the artist before the masterpiece is finished; the pen falls from the palmed hand of the philosopher before he has given expression to his deepest and most valuable thoughts; the business man is stricken, as in the case of Mr. Harmon, before he has achieved the success for which he longs, and before he has worked out his ideas and ideals. So if there is not a future life and an eternal home of the soul then the instincts of human life are misleading, the analogies of nature are false and all revelation is a lie. The text is an answer to this uncertainty. 'I am the resurrection and the life.' 'Because I live ye shall live also.' Then there is no death for the Christian, for it is entrance into a deeper, richer and fuller life."

There was a large number of floral offerings cared for by Mrs. E. B. Wiswell, Mrs. H. H. Bancroft and Mrs. E. P. Brockhouse.

Interment was in Diamond Grove cemetery. The bearers were, Lloyd Reid, H. H. Bancroft, E. B. Wiswell, Harold Gay, Percy Jonkison and Judge E. P. Brockhouse.

Among those here to attend the funeral were Mr. and Mrs. E. J. Harmon, Somonank, Ill.; Mrs. E. L. Flower, Chicago; Mr. and Mrs. W. L. Hinkle, Bloomington; C. W. Wade, Gibson City; Mr. and Mrs. Pratt Hossack, Newman, Ill.

BASEMENT BARGAINS. 16 ROLLS CRESCENT TOILET PAPER, \$1.00. 1000 SHEETS TO THE ROLL.

PHELPS AND OSBORNE.

WANTED MORE FLOUR.

An error in the printing of Boxell & Son's advertisement yesterday caused some embarrassment for the firm. The copy furnished by Mr. Boxell stated that Western Queen flour was offered at 87c a sack, but the sale to be limited to one sack per customer. Through an error the limit did not appear in the advertisement and a number of customers wished to buy several sacks at the attractive price quoted. The special prices on goods at Boxell's are sure trade getters.

ANOTHER SHIPMENT OF OST-TRICH AND MALINE BOAS JUST RECEIVED; SPECIALLY LOW PRICED AT HERMAN'S.

WILL ENTER MILITARY ACADEMY

John B. Ruyle, son of Mrs. Celia Ruyle of 1227 South Clay avenue, has gone to Troy, N. Y., where he will visit a few days with a former room-mate of Highland Falls, N. Y. and will then go to West Point, N. Y. where he will enter the U. S. military academy on June 15th.
